# Phonics

## What is Phonics?

Phonics is a method of teaching children to read by linking sounds (phonemes) and the symbols that represent them (graphemes).

In UK primary schools, phonics is the method that is used for teaching reading and writing in the English language. It is based on developing learners' phonemic awareness—the ability to hear, identify, and manipulate phonemes—in order to teach the correspondence between these sounds and the spelling patterns that represent them.

Once children can hear phonemes and identify the corresponding graphemes, they can be taught to use this phonic knowledge to create words by blending from left to right, for example, 'c – a – t', blended together gives 'cat'. As the number of phonemes and corresponding graphemes that the children know increases, so does the number of words they can decode (read) and subsequently construct (spell then write).

Phonics is essential for children to become successful readers, spellers and writers in the early years of schooling and beyond. In the first three years of their school life, it is a requirement that all children should have a daily lesson of phonics. Over these years (and beyond in certain cases), a systematic synthetic approach should be followed in order that the best possible outcomes are available for all children.

It is vitally important that children are taught phonics in a **systematic and synthetic** way. The definition of **systematic phonics** teaching is the direct teaching of a set of grapheme-phoneme correspondence (GPC) in a clearly defined sequence. If phonics teaching is truly systematic, the order is such that children become confident and successful readers, spellers and writers in a very short amount of time.

**Synthetic phonics** is the method that has been briefly mentioned previously, where words are broken up into the smallest units of sound (phonemes). An emphasis is placed on every sound within each word. Children are taught how to break up words, or decode them, into individual sounds, and then blend all the way through the word. Children do not need to rely on any other cues to decode. They then spell and write the words using this approach as once the GPC is secure, the children can readily access the words needed for these skills.

## How do children learn to read?

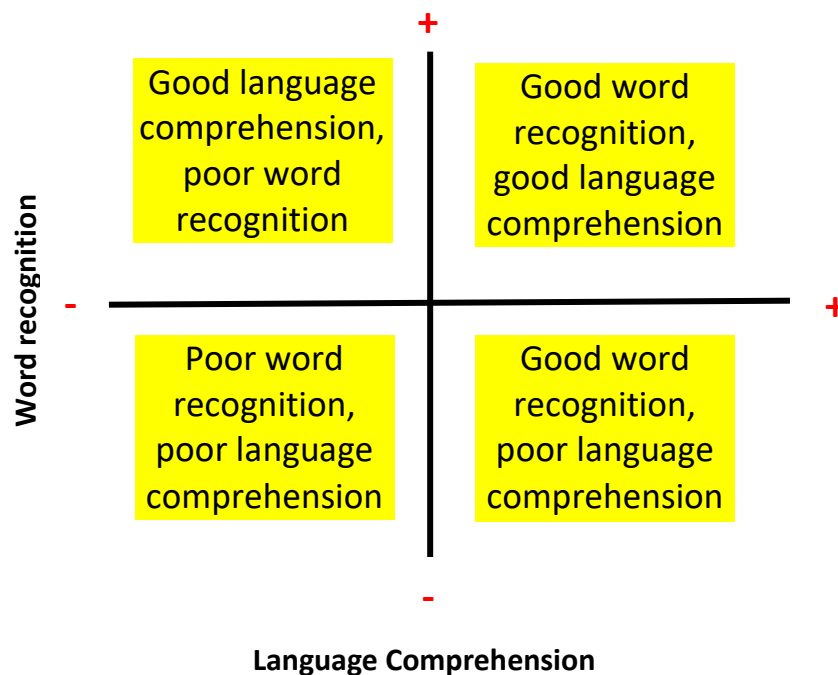

Two pieces of research that have had a significant impact on our understanding of how children learn to read are The Simple View of Reading and the Rose Review.

### The Simple View of Reading

This is a formula which demonstrates that both decoding, and language comprehension are essential for reading. Excellent decoding skills and strong language comprehension will achieve a high reading comprehension score.

$$\text{Decoding (D)} \times \text{Language Comprehension (LC)} = \text{Reading Comprehension (RC)}$$

This is often represented in a diagram.

Gough and Turner (1986)

This is supported by a number of research studies. Understanding the formula also helps teachers with the assessment of reading weaknesses and intervention. Research also suggests that it is important to teach decoding as early as possible.

Phonics as the prime approach encourages children to focus on identifying and blending the phoneme of each grapheme to read unfamiliar words.

## The Rose Review

This independent review of the teaching of early reading in primary schools identified five competencies that necessary for the successful acquisition of reading skills.

- The recognition of graphemes
- The ability to sound out phonemes
- The ability to hear and blend phonemes
- The reading of phonically regular words
- The reading of some irregular words

By showing how phonics provided 'the vast majority of beginners the best route to becoming skilled readers', the Rose Review had a significant influence on teaching, encouraging the universal use of systematic synthetic phonics.

# What is the Monster Phonics Approach?

Monster Phonics is a highly-engaging, structured, synthetic phonics programme. It facilitates learning by allowing children to learn new graphemes by using monsters to group graphemes for recall and to provide an easy and fun memory cue for children. It also uses colour-coding to highlight the grapheme when teaching a new grapheme. Once taught and secure, the colour is removed.

Monster Phonics matches the Reception EYFS framework and KS1 Spelling Curriculum. It progresses from simple to more complex phonic knowledge and skills, and ensures that prior knowledge is built upon. The main principles of systematic synthetic phonics teaching are followed, allowing children to become confident and successful readers, spellers and writers from a very early stage in their school life.

Each monster has a back story, and these are used in all areas of the phonics programme, story and song hooks, teaching PowerPoints, worksheets and activity resources, online downloadable apps, and the inclusive reading scheme and eBooks.

The ten colours and corresponding monsters derived from Monster Phonics identifying the areas of phonics that present the biggest obstacles to learning, and each of these areas are outlined below:

## **The Alternative Graphemes for Long Vowel Phonemes**

The long A phoneme is made by the red character called Angry Red A. The graphemes that make the long A phoneme are coloured red.

The long E phoneme is made by the green character called Green Froggy. The graphemes that make the long E phoneme are coloured green.

The long I phoneme is made by the yellow I character called Yellow I. The graphemes that make the long I sound are coloured yellow.

The long O phoneme is made by the pink character called Miss Oh No. The graphemes that make the long O sound are coloured pink.

The long U phoneme is made by the purple character called U-Hoo. The graphemes that make the long U sound are coloured purple.

The long oo phoneme is made by the blue character called Cool Blue. The graphemes that make the long oo sound are coloured blue.

The long ow phoneme is made by the brown character called Brown Owl. The graphemes that make the long ow sound are coloured brown.

Silent letters are represented by the Silent Ghosts which make no sound. They are coloured white.

The Tricky Letters are graphemes that have a different phoneme from what has been taught previously. They do not show regular grapheme-phoneme correspondence.

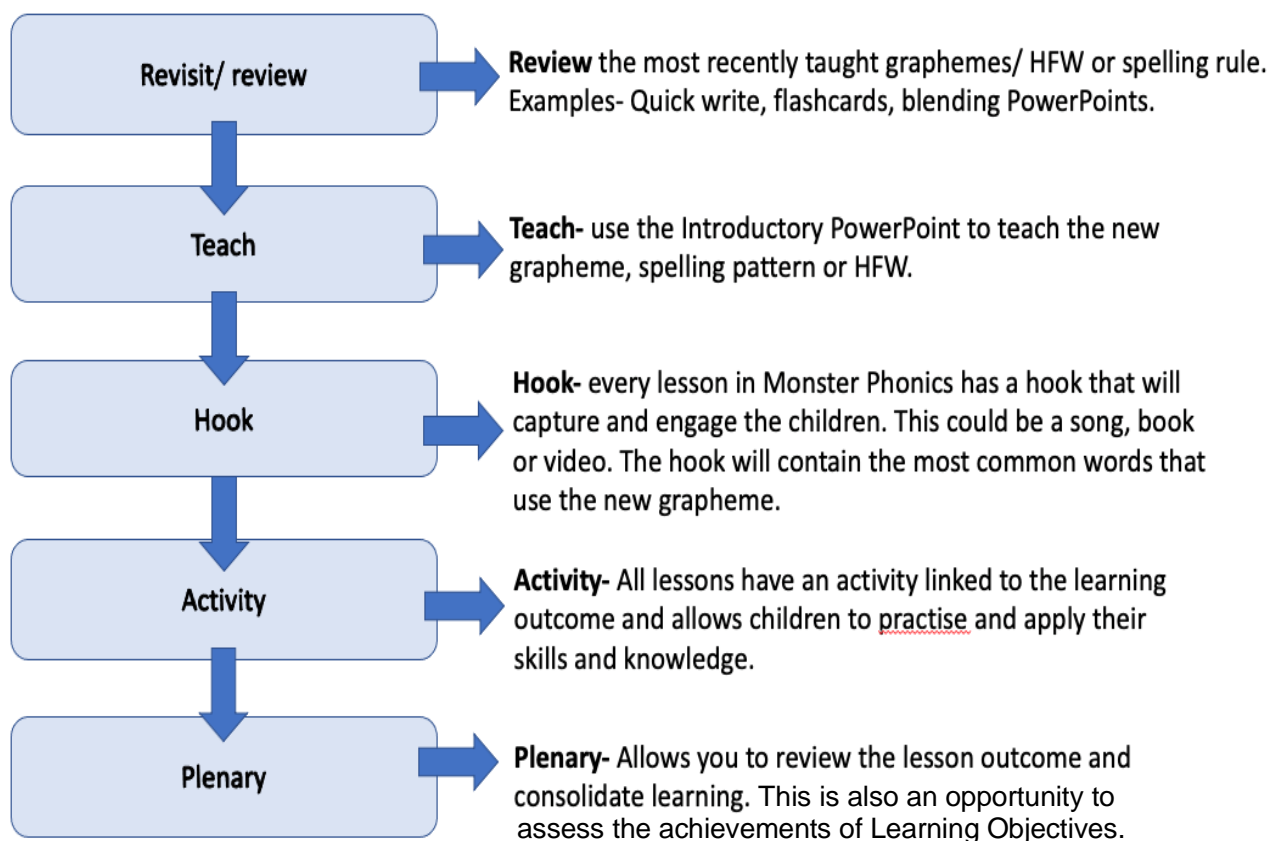

At the heart of Monster Phonics are the multisensory activities focused on the specific Learning Objective. These enables all types of learners to have more access to the teaching and learning, again enhancing the amount of success that takes place within the area of phonics.

# How to teach using Monster Phonics

Monster Phonics is designed as a whole-class Systematic Synthetic Phonics programme for children in Reception and Key Stage 1. Daily 20-30 minute discrete phonics sessions are delivered by trained teaching staff.

Monster Phonics uses a five-part lesson structure in KS1 which ensures children become familiar with the format of the sessions, allowing the entirety of lesson time to be focused on teaching and learning and not transitioning between activities. In Reception, the plenary review and assess of Learning Objectives takes place throughout each stage of the lesson, rather at the end.

## Monster Phonics Teaching Sequence

# How the lesson structure looks in the planning and online

Lesson plans are on the log-in area of the website for teachers to download. The planning clearly shows the five-part lesson structure in a weekly planning grid. This is editable so that teachers can adapt to their cohort's needs.

Week 3	Monday	Tuesday	Wednesday	Thursday	Friday
<b>Review</b> Revisit previously learned graphemes.	Recap the <b>ch ve al</b> graphemes learnt last week.	Recap the <b>oi</b> grapheme. Read through the flashcards. Did anyone find an oi item for the display? <b>Recap the said of.</b>	Recap the <b>oy</b> grapheme by reading the <b>ay</b> words in the PowerPoint. Recap <b>one once.</b>	Recap <b>oy</b> referring to the <b>oy</b> spells.	Use the PowerPoints to review the graphemes taught this week. Use the Year 1 CEWs PowerPoint (Grouped by Sound) to recap the CEWs taught this week. CEWs – <b>the said of once one house our.</b>
<b>Teach</b> Teach new graphemes.	<b>Teach the oi grapheme.</b> Introduce the grapheme with the PowerPoint. <b>Action: Tricky Witch's wand.</b> Watch the video 'Spell for oi'. Read the oi Flashcards as a class.	<b>Teach the grapheme ay.</b> Introduce with the ay PowerPoint. <b>Action: Angry Red A angry action.</b> Look at the examples for adding ed. Watch the video 'Play Away'.	<b>Teach the oy grapheme.</b> Introduce the grapheme with the oy PowerPoint. <b>Action: Tricky Witch's wand.</b> Read the oy story from the PowerPoint.	<b>Review the graphemes oi ay and oy.</b>	
<b>Activity</b> Reading and writing words with the new grapheme.	Complete the spell for oi by either: - recalling oi words, writing and drawing oi pictures. - writing oi words to match the pictures. Collect Tricky Spell books.	Complete the <b>ay</b> Dinner sheet by writing Angry Red A's favourite ay words on the dinner plates.	Write the <b>oy</b> spell in the Magic Spell book. Collect Tricky Spell books to make a class Tricky Spell books.	Introduce 'alien' nonsense words. Play flashcard activities using: - <b>al oy</b> and <b>oi</b> words  Complete the word searches.	<b>Weekly Spelling Test</b>
<b>Plenary</b>	Repeat the 'Spell for oi' song. Ask if children can bring an oi item to school for an oi display table.	Play musical <b>ay</b> statues.	Share the <b>oy</b> spells. Can anyone remember the spell for <b>oy</b> ?	Sing the 'Play Away' song to reinforce <b>ay</b> words.	Recap the songs 'Ghost Dog Patch' and 'Teddy Bear all' to reinforce <b>ch</b> and <b>al</b> words.
<b>CEWs</b> Show the flashcard print-out or the CEW PowerPoint. Resources found under the HFW/CEW tab. Highlight features, graphemes, silent and tricky letters.	<b>Year 1 CEWs</b> <b>the said of</b> – all have tricky letters. <b>the</b> – tricky <b>e</b> <b>said</b> – all the makes an <b>e</b> sound <b>of</b> – <b>f</b> makes a <b>v</b> sound. This makes of sound differently to off.	<b>Year 1 CEWs</b> <b>here there</b> – <b>ere</b> is a tricky spelling, which makes two different sounds here.	<b>Year 1 CEWs</b> <b>you</b> – <b>oy</b> makes the long Cool Blue <b>oo</b> sound. Other words that have this grapheme are <b>group, soup, troupe.</b>	<b>Year 1 CEWs</b> <b>school</b> – has the long Cool Blue <b>oo</b> grapheme and a silent <b>h.</b>	<b>Homework</b> Send home <b>Year 1A Spelling Log Book</b> - tick words to learn for next week's test. - add any HFW/CEW/words commonly misspelt to the 'My Words' section.

The weekly planning aligns with the online programme. Every lesson has been preloaded and each section of the lesson is numbered for ease of use. All you need to do is follow the order of the numbered tabs to complete the lesson.

## Wednesday - oy

1. Download the PowerPoint. Use this to introduce the oy grapheme. Read the oy story from the PowerPoint.

2. Watch 'The Annoying Troll' video. Ask the class to make the Tricky Witch (wave a pretend magic wand) action every time they hear an oy word. How many words can they remember?

3. Choose from the following activities:

Download the activity. Write the oy spell. Make a Magic Spellbook for the class and add oy spells to this.

or

Use your Monster Phonics exercise book: write short sentences about the boy and Tricky Witch using oy words e.g. enjoys, annoys, toys.

# Learning Objectives and Success Criteria

**It is important to share the learning outcome with the children. Every lesson should start with the learning outcome and why it is important for the children.**

If children understand why they are learning something, it becomes purposeful and they are more engaged.

*“Today we are learning the t phoneme. We will be able to recognise and write the letter that represents the t phoneme.”*

*“Today we are practising our blending skills. By the end of the lesson we will be able to blend words made up of s,a,t graphemes. This means we will be able to read words!”*

All schools have different ways of displaying or introducing learning outcomes. Some may use ‘WALTs’ (we are learning to) and ‘WILFs’ (what I am learning for), it may be that your school uses ‘lesson objectives’ and ‘success criteria’ or it could be that you simply share this verbally with your class. Here we will refer to them as ‘Learning Objectives’. How you deliver the learning objective does not matter, what is important is that it is always used and shared with the children.

To make this easier for schools, the downloadable planning has a learning outcome and assessment grid to help you. All the PowerPoints are also editable so that you can add the learning outcome to them in your school’s preferred format.

Year 1 | Term 1 | Week 3 | oi, ay, oy

Learning Objective/Success Criteria	Assessment
Teach the oi, ay and oy graphemes.	Can they recognise the oi, ay and oy graphemes?
Practise blending for reading.	Can they blend the oi, ay and oy graphemes and other graphemes to read words?
Practise segmenting for spelling.	Can they segment the oi, ay and oy graphemes and other graphemes to spell words?
Practise blending to read sentences.	Can they blend to read sentences?
Practise segmenting to write sentences.	Can they segment to write sentences?
HFW: the, said, of, here, there, you, school.	Can they spell the HFWs: the, said, of, here, there, you, school?

# Monster Phonics Approach to Teaching Letter Sounds

***When teaching letter sounds, it is important to use pure speech sounds.***

The most common mistake with pronouncing the sounds is adding “uh” to the end of the sound, for example saying ‘muh’ instead of ‘m’.

If the sounds are pronounced incorrectly, it makes it harder for the children to blend words to read. For example, mat becomes muh-a-tuh.

If children are struggling with pronouncing the sounds, model by exaggerating the tongue and mouth movements. Use mirrors for the children to check placement of their tongue and mouth. Let the children listen to the correct sound and then use phoneme phones or sound buttons to record their own attempts at pronouncing the sound.

The monster phonics video Pure Speech Sounds is great to share with children and parents to ensure correct pronunciation is being used.

*(Click the image to view the video)*

## **My Go – Our Go – Your Go**

In the Monster Phonics programme, modelling by a teacher is used to scaffold the learning process. Whenever we are teaching we always use:

### **My Go – Our Go –Your Go**

The teacher always models first as the children listen. The next step is repeating the process and the children joining in with you. Finally, the children complete the same process independently without the teacher. This is used for grapheme recognition, blending and segmenting.

## Introducing a new grapheme/ phoneme

When first introducing the graphemes to the children, Monster Phonics uses the Sound Action Flashcards. On these cards, it tells the children how to articulate the sound and the action for each sound. An alliteration sentence also helps to reinforce the grapheme phoneme correspondence. Fold the cards in half and introduce the sound as follows:

- Show the children the picture side of the card. Make the action as you say the sound. Use **my go- our go- your go** (first, model the sound to the children, next get the children to join in with you, finally the children say it independently).
- Turn the card over and show the children the grapheme. Use **my go- our go- your go**. Place the card behind your back and explain to the children that when you show them the grapheme, they say the sound and do the action. Repeat this several times.
- Show the children the grapheme side of the card and say the sound. Using the card, trace your finger over the letter saying the letter formation rhyme.
- Ask the children to get their magic writing fingers ready in the air. Ask the children to copy you forming the letter in the air saying the letter formation rhyme. Repeat a few times.

When the children are ready, move on to using the plain text flashcards as modelled in our training video 'Teaching Letter Sounds'.

Alongside the sound action cards, there are a lot of additional resources relating to each new sound which help engage the children and reinforce their knowledge.

This same technique can be used with the introductory PowerPoint for the grapheme you are teaching. All sounds have an action for the children to learn. The Sound Action flashcards could be sent home to parents on a weekly basis as the children learn them. The grid below can also be sent home. This explains the actions and sounds. This would help parents to support their child's learning at home.

Monster Phonics Sound Actions			
Grapheme	How to say the sound	Action	Alliteration
s	Touch the back of your teeth with your tongue, keep teeth tightly closed, smile and blow.	Weave hand in an s shape like a snake and say <u>ssss</u> .	Slippery snakes slither and slide!
a	With your mouth open and tongue low and to the front, make a sound.	Mouth open and wide, say a, a, a like you are very cold!	An angry ant appears on an apple.
t	Keep your mouth closed and touch the back of your teeth with your tongue as you make a sound.	Touch the teeth with your tongue and say t, t, t.	Terrible tigers have tremendous teeth.
p	Bring both lips together. Force air through to open the lips.	Close and press the lips together to say p p p for pop.	Popping pop corn pops out of the pan.
i	Put your tongue high in your mouth, smile and make a noise.	Smile and say i, i, i	An indigo iguana is inky blue.
n	Push your tongue up to the roof of your mouth and make a sound.	Say nnnn and wave your arms like an alarm clock.	The naughty nanny goats nibble new newspapers
d	Place your tongue behind your upper teeth, force sound out of the mouth as you move away your tongue.	Beat hands up and down as if playing a drum and say d, d, d.	Don't dunk your donuts in your drink or they will drop.
m	Press your lips together make a sound.	Mmmmm . . . rub tummy in circular motion. m is a nasal sound.	My mum made melt in your mouth mints.
g	Touch the top of your mouth with your tongue and make a noise.	Ggggggg . . . as though giggling and pretend to tickle with your fingers.	The gold goose greedily ate green grass.
c	Keep your tongue low. Open your mouth and force out a sound.	make letter c shaped 'cat ears' with hands saying c c c cat.	Cute cats can create chaos!

As the children progress and learn digraphs (two letters making one sound like sh, ch, ng) and trigraphs (three letters making one sound like igh, air, ure), it is important that we explain this to the children and use the correct terminology.

## Recognising Graphemes and Saying the Sounds

*Being able to recognise the graphemes and recall the sounds is important for the children to be able to blend to read and segment to spell.*

Monster Phonics uses a range of strategies to support children with this process.

Monster Phonics' unique approach supports children learning new graphemes by using monsters to group graphemes for recall and to provide an easy memory cue for children when reading and spelling. This approach also uses colour coding to highlight the grapheme when teaching the new grapheme, but once taught and secure, the colour is removed.

**Flashcards** - The first flashcards used in the programme are the Sound Picture Flashcards. These flashcards give clues to support the children in their early development of grapheme recognition. As the children become secure, the flashcards are changed to plain text cards. The flashcards are ideal to use for quick fire recall at the start of lessons or when you have a few moments spare during the day.

**Grapheme PowerPoint** - Monster phonics has a Grapheme PowerPoint that can be used as a review at the start of lessons or as a game at some point during the school day. You could time how long it takes to complete the PowerPoint and then try to beat the time the next day.

**Grapheme Frieze** - As you learn the graphemes with your class, Monster Phonics encourages you to add the grapheme from the frieze to your display. This means it is visual for the children to use during the day and it can also be used as a review for the graphemes learned so far simply by the teacher pointing to the graphemes to see if the children can recall them.

**Quick write Letters** - Using whiteboards and pens the teacher says a grapheme and the children write the grapheme on their boards. Say the sound again and model writing the grapheme on the whiteboard for the children. Children can then check their grapheme is formed correctly.

# Monster Phonics Approach for Blending to Read

Blending is the ability to blend sounds together to read a word. For example, to read 'pin', a child sounds out each individual sound in the word p-i-n then says the sounds quicker, blending them together to read the word.

Blending is a skill that is crucial for children to be able to read. The first building block in this process is children being able to orally blend. You can provide children with lots of practise of oral blending and model this throughout the school day. For example, "put your c-oa-t on" or playing games like I-Spy, "I spy with my little eye a b-oo-k." The more practise children have of oral blending the easier it is for them to blend to read later.

The Monster Phonics programme teaches children to blend to read within the first week of the Reception planning. The order the graphemes are taught maximises the number of words children can read from the start of the programme.

Initially, Black Cats are used as sound buttons on words. To teach the children to blend, follow the steps below:

- Teachers model left-to-right orientation by pointing at the individual graphemes in the word using the black cat sound button underneath.
- As the teacher points to the grapheme they say the phoneme.
- Then the teacher sweeps their hand under the word (left to right) as they blend the word together.
- Again, the teacher starts this process with lots of modelling and using the **my go- our go- your go** process.
- An example of how to do this is provided in the video below.

*(click the image to view the video)*

Phoneme frames are also used to support children's blending skills as this makes it easier for children to see the word split into its individual sounds. The same principle applies to teaching using the phoneme frames. Teachers model left-to-right orientation by pointing at individual graphemes as they say the phoneme. Then the teacher sweeps their hand under the word (left to right) as they blend the word together.

Starting with graphemes s, a, t and p, children are able to blend and segment simple words such as sat, pit, tap. As additional graphemes are learnt each week, the number of simple words that can be blended and segmented increases. The sets increase in complexity as the scheme progresses, with single letters being taught first, leading to consonant digraphs. This is followed by the teaching of 13 digraphs and trigraphs in term 2. The blending and segmenting of longer words consisting of 4 letters or more (CVCC, CCVC, CCC onset, CCVCC words including those containing previously taught digraphs and polysyllabic words) is taught and practised in the final term.

Year 1 teaches digraphs and trigraphs, including alternative graphemes, plurals, prefix un, k before i/e/y, compound words, Common Exception Words (CEWs), and simple addition of vowel suffixes. Year 2 teaches further digraphs and trigraphs, consonant suffixes, contractions, possessive apostrophes, CEWs, and more complex spelling rules for adding vowel suffixes.

The Monster Phonics reading scheme GPCs and HFWs are included in the reading books once they have been first taught in the programme.

High Frequency Words (HFWs), including the statutory CEWs, are taught within the programme.

Monster Phonics uses teacher-led reading activities during the lessons to support children to develop their blending skills and become confident readers. All reading resources are fully decodable at the children's phonic ability and include resources like Blending PowerPoints, Caption and Sentence PowerPoints, word lists, flashcards and longer eBooks. Monster Phonics has a reading scheme matched to the progression of the programme that immerses the children in Monster Phonics Land, helping to develop a passion for reading.

## Monster Phonics Approach to Segmenting to Spell

Throughout the programme, children learn to spell words by segmenting them into phonemes. Segmenting is breaking words down into individual sounds, effectively the opposite to blending. For example, shark we break down into 3 sounds sh-ar-k.

Initially, children develop this skill by orally segmenting words. You can practise this with children by playing games like Simon Says. The child sound-talks the instructions by breaking the word into its sounds—"Put your hands on your h-ea-d!" Providing lots of opportunities for practising oral segmenting during the school day will help children develop the skills to spell and write later.

The Monster Phonics programme starts teaching segmenting skills from the second week in the Reception year. Monster Phonics teaches the children to use phoneme frames and magnetic letters and/or flashcards initially as they practise segmenting words to spell. The children then move on to writing the correct graphemes in the phoneme frames. Eventually the child will be able to hear dictated words and sentences and write them. Teachers can model how to use the Monster Phonics sound charts for support if needed. The Monster Phonics sound chart is child friendly, and supports children with grapheme phoneme correspondences, their spelling and letter formation.

To teach the children to segment, follow the steps below:

- Show a picture card and say the word — “Cat”
- Model breaking the word down into its individual phonemes, raising a finger for each phoneme— “c-a-t”
- Count the number of fingers raised— “c-a-t has 3 phonemes”
- As you go through the sounds one at a time, select the correct magnetic letter and place it in the correct part of the phoneme frame.
- You then model checking the word is right by blending the word to read it. This reiterates that segmenting is the reverse of blending.
- Once children are confident with this process, they are then ready to use the same process but instead of using magnetic letters they write the graphemes

Again, the teacher starts this process with lots of modelling and using the **my go- our go- your go** process.

## Handwriting and Letter Formation

Letter formation for all letters of the alphabet is taught within Reception Lesson. In addition, we recommend schools to provide 3 additional handwriting sessions each week. To support these sessions, the following resources are available for every grapheme:

- Letter formation videos and PowerPoints  
Children are shown how to write each letter by:  
Teachers using the PowerPoint animation and verbal instructions to model the letter formation, with clear start and end points. The children follow this by writing the letter in the air and reciting the instructions.
- Lowercase and uppercase handwriting practice sheets.
- Letter formation within words. As part of this structured programme, handwriting practice is provided only for the phonics that has already been taught. Our handwriting sheets provide practice of words that use only the cumulative phonics knowledge acquired from within the scheme.
- Letter formation and phonics revision.
- Sound Action Cards, which highlight start and end points, as well as sound articulation, alliterative memorable rhyme, and action to recall the sound.

Monster Phonics Apps also support letter formation by encouraging children to write each letter by beginning at the correct start point, write the letter in the correct direction and finish at the correct point. This is a highly engaging aspect to the apps with rewards.

All resources are designed in a simple print across the scheme. This matches the magnetic letters, reading books, PowerPoints, Apps, and all printed resources used in the programme.

In the early stages of the programme, sound dictation is used in the review element of the lesson as a 'quick write activity'. The programme is structured, moving children from sound dictation to word dictation, then advancing further to sentence dictation. Monster Phonics builds writing skills systematically throughout the programme. Using engaging activities for children to independently apply these skills means children soon develop a love of writing.

## Teaching HFW/ CEW

When teaching Common Exception Words that have changed their grapheme-phoneme correspondence, Monster Phonics uses a character called Tricky Witch. Tricky Witch casts a spell on the irregular grapheme and changes the sound. Children are taught in lessons how to spell *Tricky Words* and to remember the Tricky Witch element to the words which make them difficult to spell.

To help children to recognise these words, *Tricky Witch* turns the graphemes that have changed to a gold colour. This helps children to understand that these graphemes are irregular and have changed from their usual grapheme-phoneme correspondence to something different. The gold colouring highlights to the children that they need to think about how to read the word. As with the rest of the Monster Phonics colour coding, once learnt, the colour is removed.

Children are introduced to these words gradually throughout the whole programme. Monster phonics provides a range of resources to support High Frequency Words and the Common Exception Words such as flashcards, PowerPoints, eBooks, reading scheme and posters.

## Adapting the programme for online lessons

The online programme makes it easy to share lessons for live teaching or prerecorded lessons that can be uploaded to the school's preferred learning platform. The format of the online programme means it is easy for teachers to facilitate and continue delivering their daily phonics lessons.

In addition to this, parent logins are provided for every school which means parents can be directed to tasks, videos and games by simply sharing a link with them. To support parents further, Monster Phonics offers Parent Webinars so that they can learn about the programme and how to support their children at home.

# Website Navigation Guide

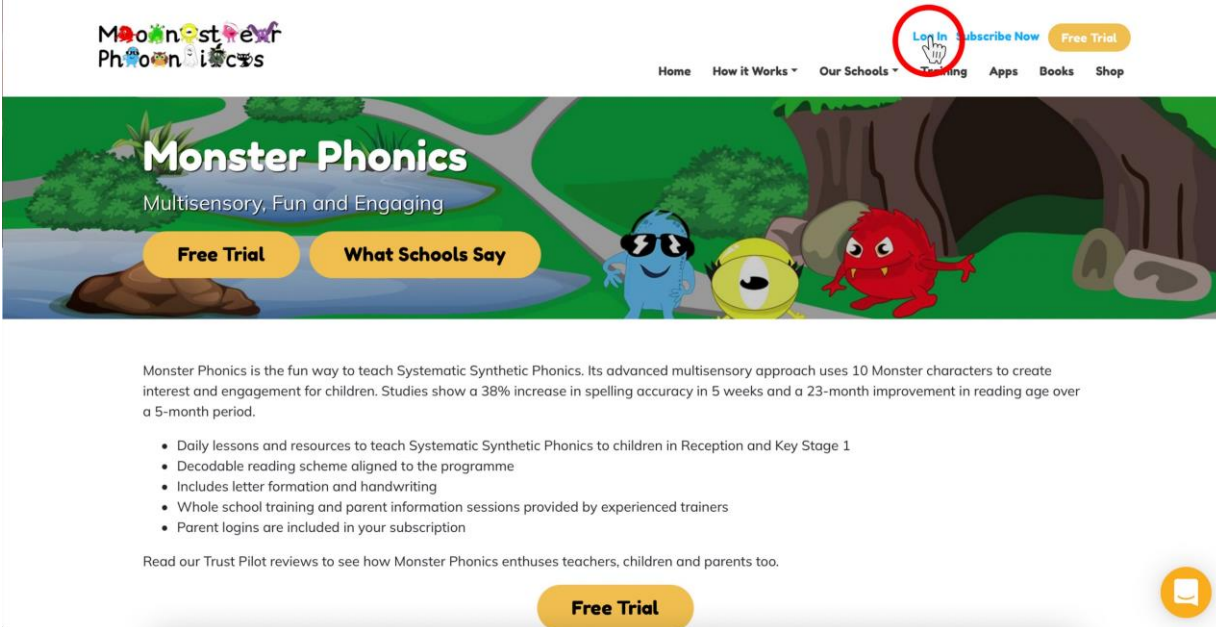

The website has been designed to make teaching easy. This guide will show you how to use the website to navigate and download:

- Planning documents
- Lesson content
- Additional resources
- Intervention
- Assessments
- Handwriting
- Display, flashcards and other resources in the Quick Links

## Log in to the Monster Phonics Programme

1. Go to the Monster Phonics homepage.  
<https://monsterphonics.com/>
2. Click 'Monster Phonics Programme' to log in.

Monster Phonics Homepage

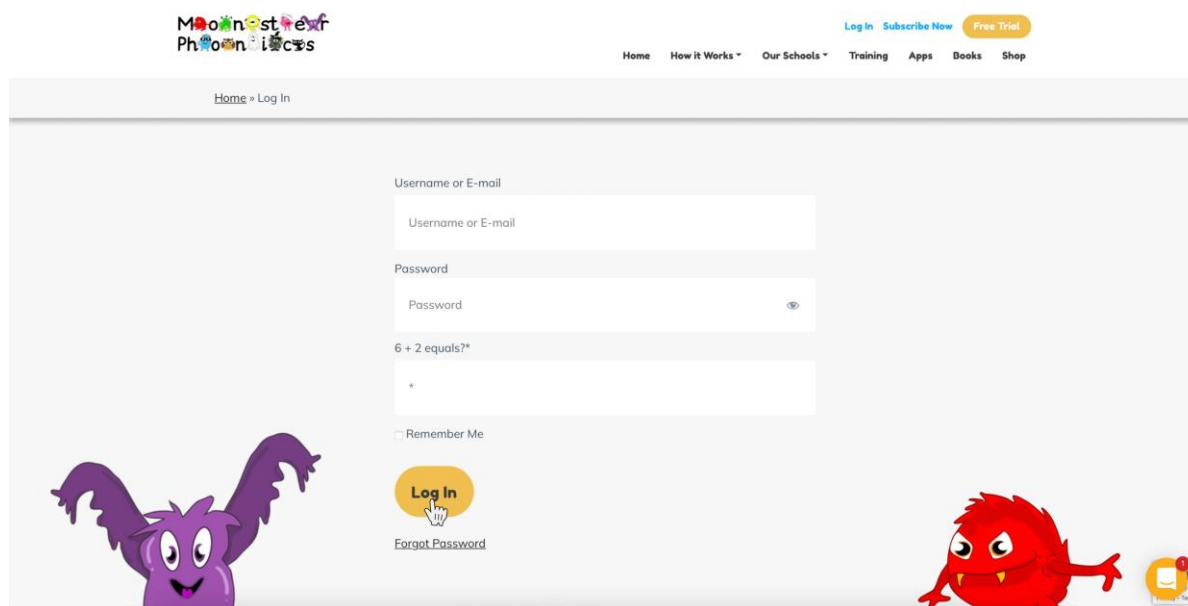

Monster Phonics is the fun way to teach Systematic Synthetic Phonics. Its advanced multisensory approach uses 10 Monster characters to create interest and engagement for children. Studies show a 38% increase in spelling accuracy in 5 weeks and a 23-month improvement in reading age over a 5-month period.

- Daily lessons and resources to teach Systematic Synthetic Phonics to children in Reception and Key Stage 1
- Decodable reading scheme aligned to the programme
- Includes letter formation and handwriting
- Whole school training and parent information sessions provided by experienced trainers
- Parent logins are included in your subscription

Read our Trust Pilot reviews to see how Monster Phonics entuses teachers, children and parents too.

# Navigation - Planning

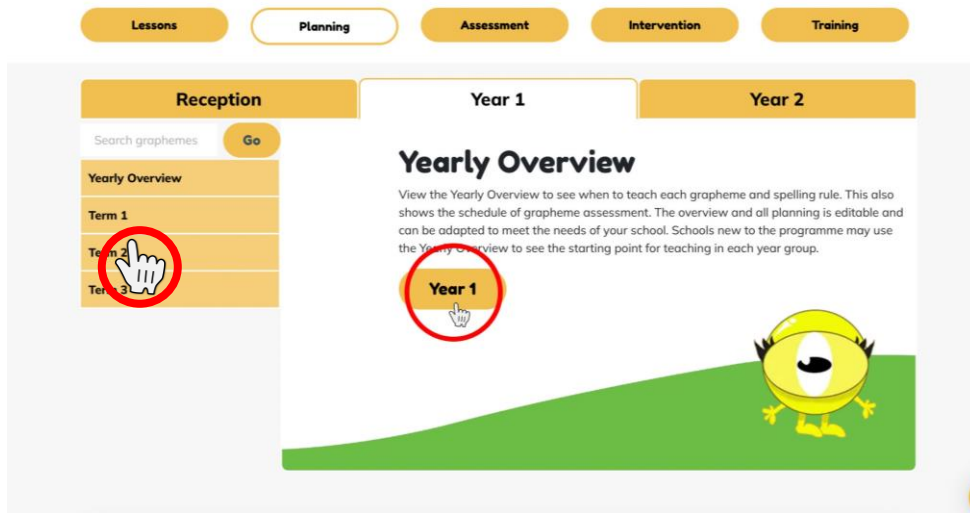

From the Logged in Dashboard, click on the 'Planning' tab.

This shows the Year 1 Progression Map and Termly Plans. Click to download the Year 1 Progression Map.

Click on Term 1, 2 or 3 to download the Termly Plans for Year 1.

The Termly Plans explain the Review, Teach, Activity aspects each lesson. The Learning Objectives/Success Criteria and how to assess for these is also shown for each week. Use this to support continuous assessment. For each session, identify any pupils that have not met specific Success Criteria. Go to our Intervention section to set up targeted keep up activities for these pupils.

Reception | Term 2 | Week 1 | short oo (u)

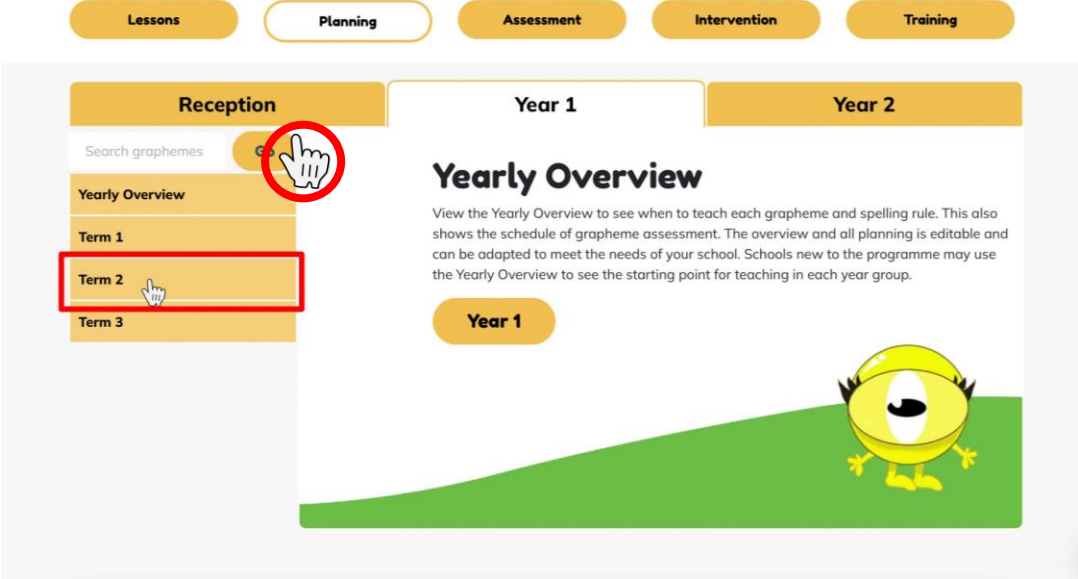

Learning Objective/Success Criteria	Assessment
<p>Teach the oo grapheme.</p> <p>Practise blending for reading.</p> <p>Practise segmenting for spelling.</p> <p>Practise blending to read sentences.</p> <p>Practise segmenting to write sentences.</p> <p>HFV: look now down.</p>	<p>Can they recognise the oo grapheme?</p> <p>Can they blend the oo grapheme and other graphemes to read words?</p> <p>Can they segment the oo grapheme and other graphemes to spell words?</p> <p>Can they blend to read sentences?</p> <p>Can they segment to write sentences?</p> <p>Can they spell the HFVs: look, now, down?</p>

Week 1	Monday	Tuesday	Wednesday	Thursday	Friday
Review	You/No Questions Blend to read the questions in the PowerPoint and answer yes or no.	Quick Write Graphemes Say the sound of a grapheme and ask the children to write it on their whiteboard.	Read Captions Sound talk and read the first word. Sound talk and read the second word. Say both words together. Continue until the end of the caption.	Blending Skills Read through the Blending PowerPoint.	Sound Treasures Review of sounds learnt by playing the Sound Treasure PowerPoint.
Teach	Introduce short oo (u) grapheme Tricky Witch can change the sound of oo to u.  Download the PowerPoint to introduce the Tricky Witch grapheme, which makes the short oo sound.  Watch the Tricky Witch oo video. This introduces Tricky Witch and a new ending to the story of Little Red Riding Hood.	Read Download and the Red in the Wood which tells the story of Little Red Riding Hood. Read the cream sections with the children. The white sections are for an adult to read. They are not necessary for the story but add engagement.  Tricky Witch can change the sound of oo to u. Look for examples in the story.	Model Download and print the sentences.  Model reading a sentence. Cut the sentence into words. Ask up for the words and ask the children to help you to order the words to re-make the sentences.	Reading Read the cream section of 'Red in the Wood' eBook as a class, point out the oo words and blend the graphemes to read.	HFV Art <b>look now down</b>  Download the HFV PowerPoint. Read each HFV, highlighting how each grapheme and the sound that it makes.  Look - Tricky Witch changes the 'oo' to an 'u' sound.  Now, Simon - Brown Dial makes the 'oo' sound. We will

	Can the children make Tricky Witch have a pretend sound each time they hear an oo word? At the end of the video, ask the class to recall all of the oo words.	Read the oo words and HFVs on the final page.		Focus on this sound more next week.	
Activity	Tricky on - oo Flashcards Children make their own flashcards with the words. <b>look look look good look look wood wood look hood</b>	Song The oo Word Family Rap. Add actions to each line for: <b>look look look good look wood wood look hood</b>  Quick Write Children write oo words on whiteboards/notebooks	Reading and Writing Writing oo words or sentences on strips of paper.  Working in small groups, read the sentence together. Then one child cuts up the sentence and muddles up the word. Then the partner must sort it into the right order. Ask the children to tick the sentence in the right order or write the sentence.  she took the basket. she has a red head. she stood in the woods. The pink book good	Model Sentence Writing <b>Look this is gran.</b> Children write a sentence in pairs on whiteboards.  Ask if they can write similar sentences.	HFV Art Use a variety of media to create HFV flashcards for a wall display.
Follow-up Activities (optional)		oo Game - Word Plates In groups of 5. Multiple copies of oo flashcards are hidden around the room. Each group has 2 plates with a letter on it - k and t. They must find all the oo flashcards and stick each on a plate with the correct final letter - e.g. stood, good are stuck on the e plate. The winning group is the first to have a complete set.	HFV Game - Roll the Die Stick the above HFVs and phonics sheet HFVs onto a large die. Children work in pairs to roll the die and make the word that the die lands on out of magnetic letters. If magnetic letters are not available, they children can write the word using felt tips. Repeat to create potential words. Can the pair now say these words to write a sentence?		

Click on an orange Year Group tab to look at the Progression Map and Termly Plan for Reception or Year 2.

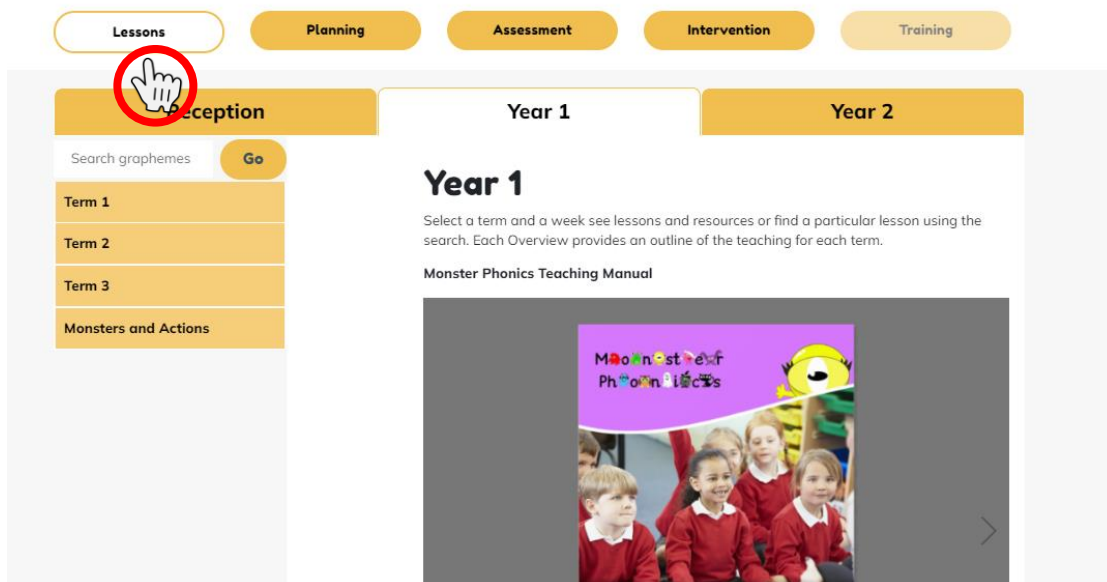

# Navigation - Lessons

1. If you have just logged in then you can access the lessons and resources to teach the lesson by clicking on 'Lessons' on the logged in Dashboard.

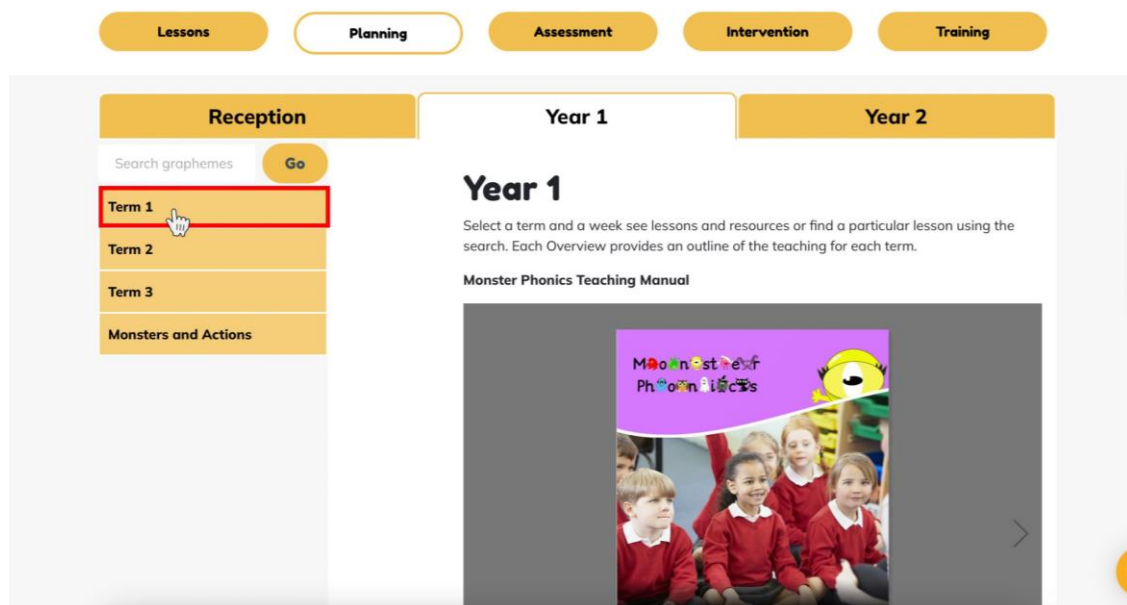

You can also access this area from any page within the Monster Phonics Programme by clicking on the 'Lessons' tab.

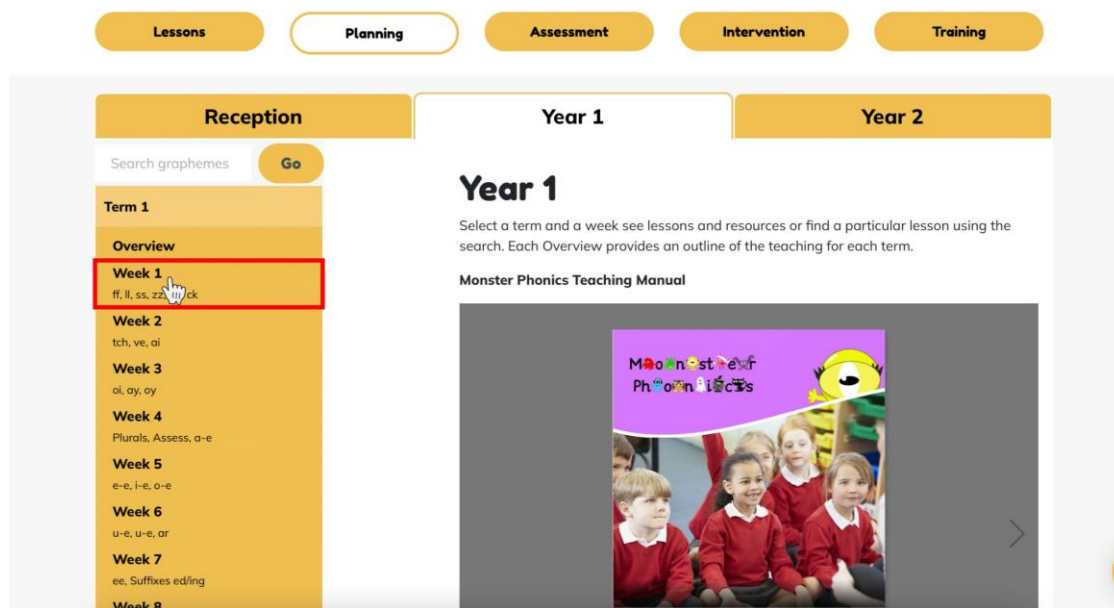

2. Check that you have selected the correct year group – Reception, Year 1 or Year 2. The website automatically shows Year 1. Click ‘Reception’ or ‘Year 2’ if this is required.

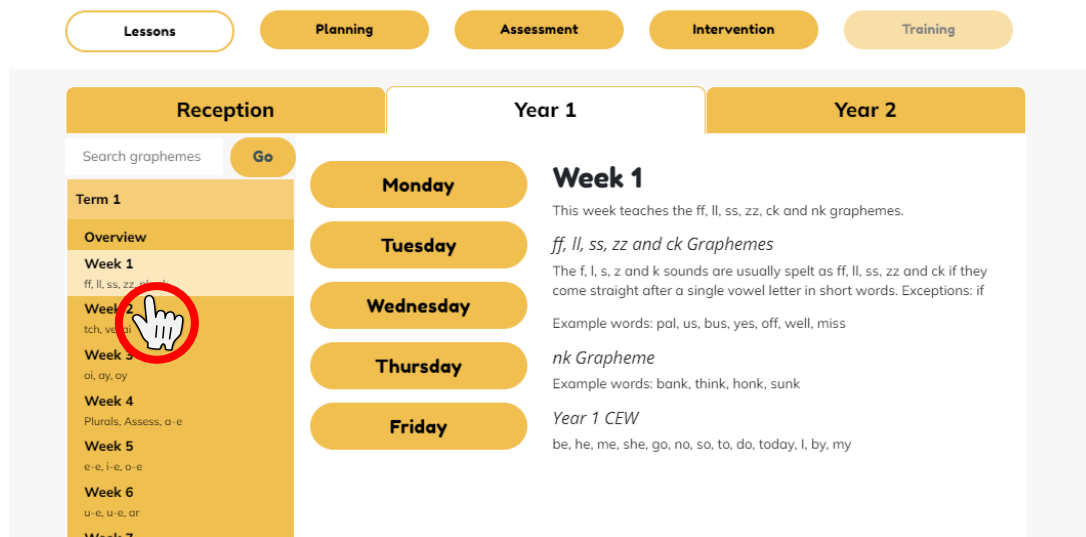

3. Now select the term that you are teaching from the dropdown menu on the left.

4. The focus for teaching is shown for each week. Select the week that you wish to teach.

5. Read the overview of the teaching this week. It is important to refer back to the Termly Lesson Plan for this week of lessons to make a note of the continuous assessment required to determine that the Success Criteria have been met for this week. Next, select a day to teach.

6. Read the plan for the day. Download all resources. Print and prepare resources where necessary.

All lessons follow a similar format:

- Review
- Teach
- Activity
- Optional follow-up activities are available

Follow the instructions provided to teach the lesson. Make a note of pupil achievement of the Success Criteria.

Resources are shown on the right of the screen, in the order in which they are used in the lesson.

The teaching element of the lesson often consists of:

i. PowerPoint introduction

The screenshot displays a lesson plan for 'Monday - zz and ff' in Year 1. The interface is divided into three main sections: 'Reception', 'Year 1', and 'Year 2'. The 'Year 1' section is active, showing the lesson title and a 'Monday - zz and ff' heading. Below this, there are three main sections: 'Review', 'Teach', and 'Activity'. The 'Review' section contains the text: 'Recap CVCC CCVC CCVCC by reading the words on the PowerPoints from Reception page.' The 'Teach' section contains three numbered steps: 1. Download the PowerPoint, 2. Watch the 'Click Clack' video, and 3. Download the activity. The 'Activity' section is highlighted in orange and contains the text: 'Download the activity, print and prepare the ff, zz, ss, ll, ck Happy Families game. Deal out all the cards. The first player asks another player for a card needed to complete a family. If the other player has the card, they must give it. The winner is the first to complete a family. Record words on the Record Chart.' On the right side, there is a 'Quick Links' sidebar and a 'Back' button at the bottom left.

ii. Song video hook. Play the video in the screen. Click to make this full screen.

**Reception**      **Year 1**      **Year 2**

**Monday - zz and ff**

**Review**  
Recap CVCC CCVC CCVCC by reading the words on the PowerPoints from Reception page.

**Teach**

1. Download the PowerPoint. Introduce the ff, zz, ss, ll and ck graphemes. Focus on ff and zz endings and how suffixes are added.
2. Watch the 'Click Clack' video. Ask the class to make the Black Cat (fingers walking across the other palm) action every time they hear a word with an ff or zz ending.
3. Download the activity, print and prepare the ff, zz, ss, ll, ck Happy Families game. Deal out all the cards. The first player asks another player for a card needed to complete a family. If the other player has the card, they must give it. The winner is the first to complete a family. Record words on the Record Chart.

## Navigation - Additional Resources

Many additional resources are available within the programme. Here are some examples.

Sets of additional resources are located in the Reception Lessons section. Click 'Additional Monster Phonics Resources' section situated in the menu on the left.

### Blending and Buried Treasure PowerPoints for all Reception GPCs.

The screenshot shows a navigation menu on the left with 'Reception' selected. Under 'Reception', 'Additional Monster Phonics Resources' is highlighted with a red box and a hand cursor. The main content area is titled 'Blending PowerPoints' and includes a description: 'This section provides Blending PowerPoint to practise blending for reading. This skill combines letter recognition and oral blending. Select the PowerPoint that includes the graphemes that are currently being taught. Each word is shown twice within each PowerPoint, firstly within a phoneme frame and secondly with sound buttons. Use these to help children identify each letter and then blend to read. Model sound-talking each letter and blending to read the word.' Below the text is a cartoon pink monster character. A 'Quick Links' sidebar is on the right.

### Sentences and Captions PowerPoints and Flashcards

The screenshot shows a navigation menu on the left with 'Reception' selected. Under 'Reception', 'Additional Monster Phonics Resources' is highlighted with a red box and a hand cursor. The main content area is titled 'Sentences and Captions' and includes a description: 'This section has PowerPoints and Cards to teach and practise reading and writing captions and sentences. There are also sets of Yes/No questions for each phase. You will find the Monster Phonics captions and sentences more engaging and memorable compared to traditional versions.' Below the text is a collage of various flashcards with sentences and illustrations. A 'Quick Links' sidebar is on the right.

- **HFV PowerPoint**

These are to be used weekly as shown in the Termly Plan. The HFVs are show in a caption or sentence at the end of each PowerPoint.

- **Tricky and Decodable Word Cards**

## Navigation - Handwriting

Handwriting Resources are available. These are accessible from the Quick Links section accessible from the tab on the right of the screen. They can also be accessed within the Reception section from the menu on the left.

Handwriting resources can be selected for specific graphemes and include:

- Verbal and visual guidance for the formation of each grapheme. Children draw the letter in the air from the start to the endpoint. This should also be modelled by the teacher.
- Practise of the formation of lowercase and uppercase letters.
- Additional support with phonemic awareness of initial sounds.
- Practise of the formation of letters in words.

We recommend 3 handwriting sessions each week, outside of the main phonics lesson.

## Navigation - Monsters and Actions

This section contains additional resources for the learning of GPCs. It is located at the bottom of the Lessons page for each year group.

Including

- Meet the Monsters

The screenshot shows the 'Speech Sounds' page for Year 1. On the left, a navigation menu is visible with 'Speech Sounds' highlighted. The main content area is titled 'Speech Sounds' and includes a list of five numbered steps: 1. Download the PowerPoint, 2. Watch the Speech Sounds video, 3. Download the Sounds Action Flashcards, 4. Download the Monster Actions Chart, and 5. Download the Flashcards. A 'Back' button is located below the list. On the right, there are five 'Quick Links' buttons: 1. PowerPoint, 2. Speech Sounds and Letter Formation (with a video player showing a woman writing 'sh'), 3. Sound Action Flashcards, 4. Monster Actions Chart, and 5. Grapheme Flashcards. A 'Quick Links' sidebar is on the far right.

The screenshot shows the 'Meet the Monsters' page for Year 1. On the left, a navigation menu is visible with 'Meet the Monsters' highlighted. The main content area is titled 'Meet the Monsters' and includes a short paragraph: 'Introduce each Monster character with this fun video. In Monster Phonics Land, each Monster has a home, a job and also goes to school! They have lots of fun and always try to help their friends.' A 'Back' button is located below the text. On the right, there is a 'Quick Links' sidebar with one button: 1. Monster Song (with a video player showing a red monster singing). Below the text, there is a large illustration of a blue monster wearing sunglasses on a green hill.

Introduce the monsters to your class with this video.

- Speech Sounds

Teach the letter formation, sounds and the actions of the alphabet and consonant digraphs.

- Monster Actions

Teach the sounds and actions for each of the monsters and the GPCs which make these sounds.

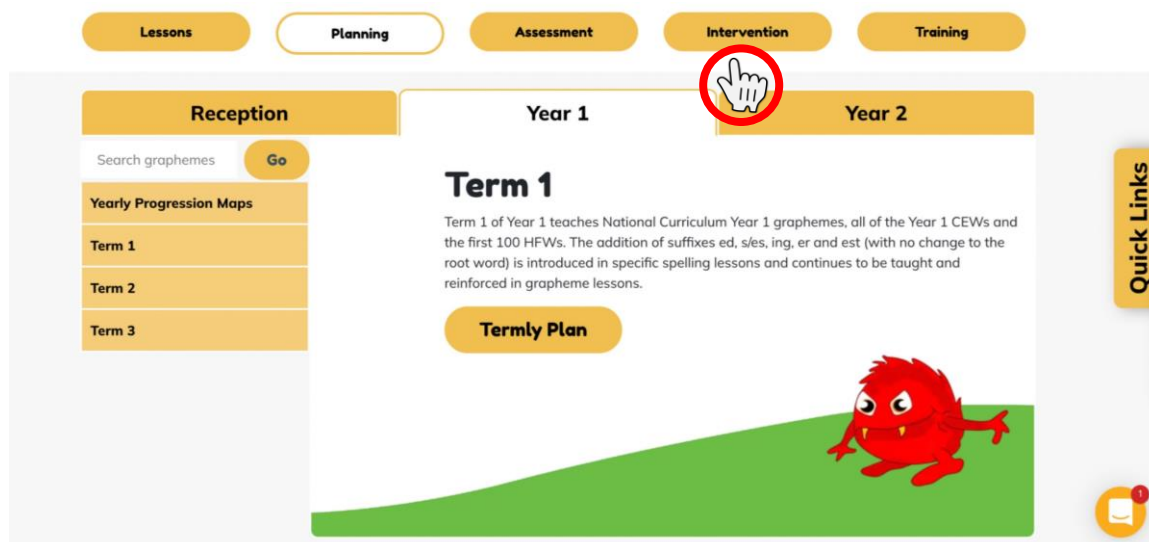

The screenshot shows a website interface for 'Monster Phonics' with a navigation menu on the left and a main content area. The navigation menu includes 'Reception', 'Year 1', and 'Year 2' tabs. Under 'Reception', there are links for 'Term 1', 'Term 2', 'Term 3', 'Additional Monster Phonics Resources', 'Handwriting Resources', 'Monsters and Actions', 'Overview', 'Meet the Monsters', 'Speech Sounds', and 'Monster Actions' (highlighted with a red box). The main content area is titled 'Monster Actions' and contains a list of five steps for downloading resources, a video player for 'Monster Phonics Learning', and five buttons for downloading resources: '1. PowerPoint', '3. Sound Action Cards', '4. Monster Actions Chart', and '5. Grapheme Flashcards'. A 'Back' button is also present. A 'Quick Links' sidebar is visible on the right.

## Navigation - Intervention

1. If you have just logged in then you can access the Intervention section by clicking on 'Interventions' on the logged in Dashboard.

You can also access this area from any page within the Monster Phonics Programme by clicking on the 'Intervention' tab.

Each separate interventions can be used to accelerate progress and to respond to gap analysis outcomes. Use this intervention for children who have not met specific Success Criteria outlined for each week in the Termly Plan. Scroll the menu on the left of the page to find the focus. GPC.

The screenshot shows a navigation bar with buttons for Lessons, Planning, Assessment, Intervention, and Training. The 'Intervention' page is active, displaying a list of GPCs on the left: a-e, ai, air, al, al (or), ar, are, au, aw, ay, and b. The 'a-e' option is highlighted with a red box and a mouse cursor. The main content area is titled 'Intervention' and contains the following text:

This dedicated intervention section provides keep-up resources for when children who have not met specific Success Criteria for any phonics lesson. We recommend a same-day approach to intervention, ensuring every child progresses and keeps up with their peers. Our intervention activities are simple and targeted using a multisensory approach to facilitate learning.

**How to use this intervention**

1. Identify children that have not met one or more of the **Success Criteria** of a lesson, shown in the Termly Plan.
2. Where possible, schedule the intervention session on the same day. This allows gaps in phonics knowledge to be addressed before the next phonics session.
3. Select the intervention focus from the list shown left. Follow the instructions on the page
  - deliver the 10-15 minute session to a small group or one-to-one
  - choose to watch either the PowerPoint or Video (the content is the same)
  - children complete the sections of the activity that relate to the specific Success Criteria
4. Re-assess the Success Criteria. Record progress and areas to work on. Keep this record to

On the right side of the page, there is a 'Quick Links' button and a notification icon.

Follow the instructions. Choose either to teach using the PowerPoint or the video. Download the PowerPoint or play the video in the screen. Click to make this full screen. Focus on the identified knowledge and/or skills gaps.

This screenshot shows the 'a-e' intervention page in more detail. The navigation bar is the same. The left-hand menu is visible, with 'a-e' selected. The main content area is titled 'a-e' and contains the following instructions:

1. Read through the PowerPoint

or

2. Watch the video. Pause to focus on blending and segmenting.
3. Complete the activity. Focus on the Success Criteria that were not met in the main lesson.

- Say the sound
- Write the grapheme
- Blend to read words
- Segment to write

Below the instructions is a 'Back' button. To the right, there are three main sections: '1. PowerPoint' (highlighted with a red box), '2. Video' (which contains a video player showing a slide with 'a-e' and 'from MonsterPhonics'), and '3. Activity' (with a document icon). At the bottom right, there is a red cartoon monster character and a notification icon.

# Assessment

1. If you have just logged in then you can access the Assessment section by clicking on 'Assessment' on the logged in Dashboard.

You can also access this area from any page within the Monster Phonics Programme by clicking on the 'Assessment' tab.

You will see the Year 1 Assessment section. Click the 'Reception' or 'Year 2' tabs to see the Assessment section for these year groups.

The information on this page explains the different types of assessments, and how and when these take place.

The screenshot shows the 'Assessment' tab selected in the top navigation bar. Below it, the 'Year 1' tab is active. On the left, a sidebar lists assessment types: Reading Assessment, Spelling Assessment, Reception/KS1 Tracking Forms, CEW Assessment, HFW Assessment, Assessment Flashcards, and Phonics Screen. The main content area is titled 'Year 1' and contains the following text:

### Year 1

**Formative Assessments**

Regular and efficient monitoring of children's development in phonics is essential if they are to become competent and confident readers, and subsequently writers. The Monster Phonics programme has a clearly mapped set of assessments which allows for checking children's grapheme-phoneme correspondence (GPC), knowledge of High-Frequency Words (HFWs) and Common Exception Words (CEWs) for reading and writing.

The assessment schedule for Monster Phonics is broken down for each year group: Reception, Year One and Year Two. Each year group has a set of graphemes, CEWs and HFWs to be learnt and then assessed.

- **Daily Formative Assessments**

The first and most frequently used assessment will take place daily by the adult delivering the phonics session. It is suggested that children who have not met the daily objective, as stated in the planning document for the lesson, are noted, and any gaps are addressed with a short recap at some point before the next discrete phonics session. If this form of assessment is followed thoroughly, children should be getting the best possible provision in order that gaps in learning do not occur, or at best, very infrequently. Download termly plans to view the planning assessment box.

As with any formative assessment, teachers should also be regularly reviewing the children's achievements in the application of newly taught skills and knowledge. In the case of phonics, this is applicable in the area of reading and writing throughout the rest of the curriculum (independently, guided or 1:1). Again, this allows for any misconceptions or problems to be quickly identified and work to be plans made to fill potential gaps.

- **Reading Assessments**

Assessments are available for reading and spelling of GPCs individually and in words, as well as HFWs and CEWs.

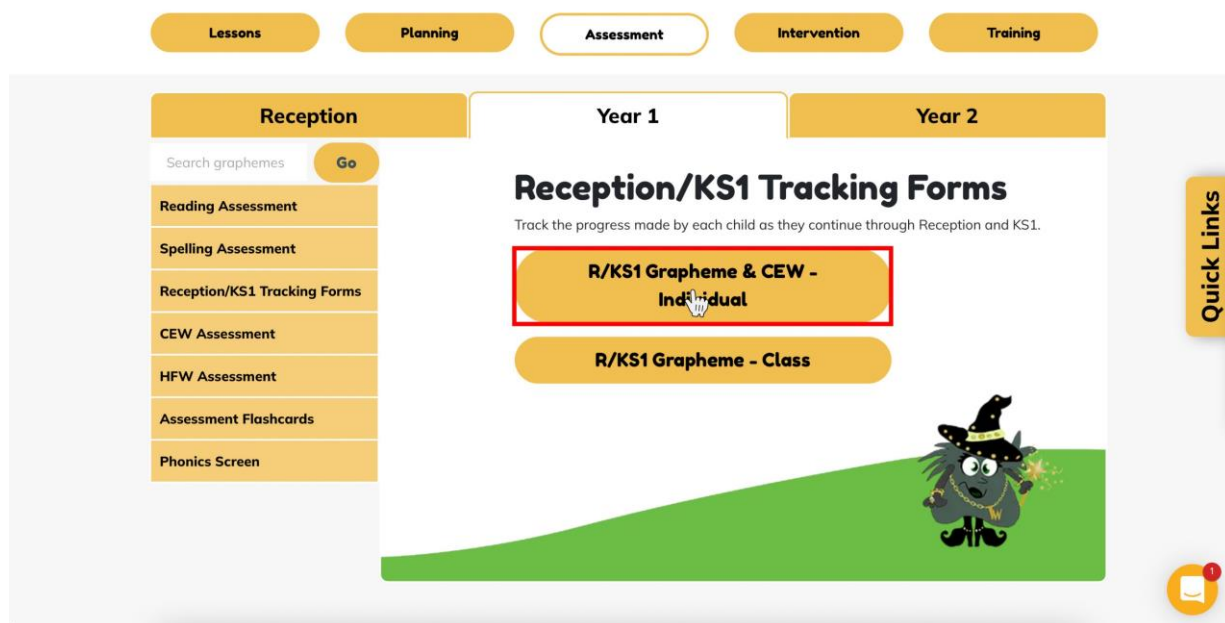

The screenshot shows the 'Reading Assessment' section for Year 1. The 'Year 1' tab is active. The main content area is titled 'Reading Assessment' and contains the following text:

### Reading Assessment

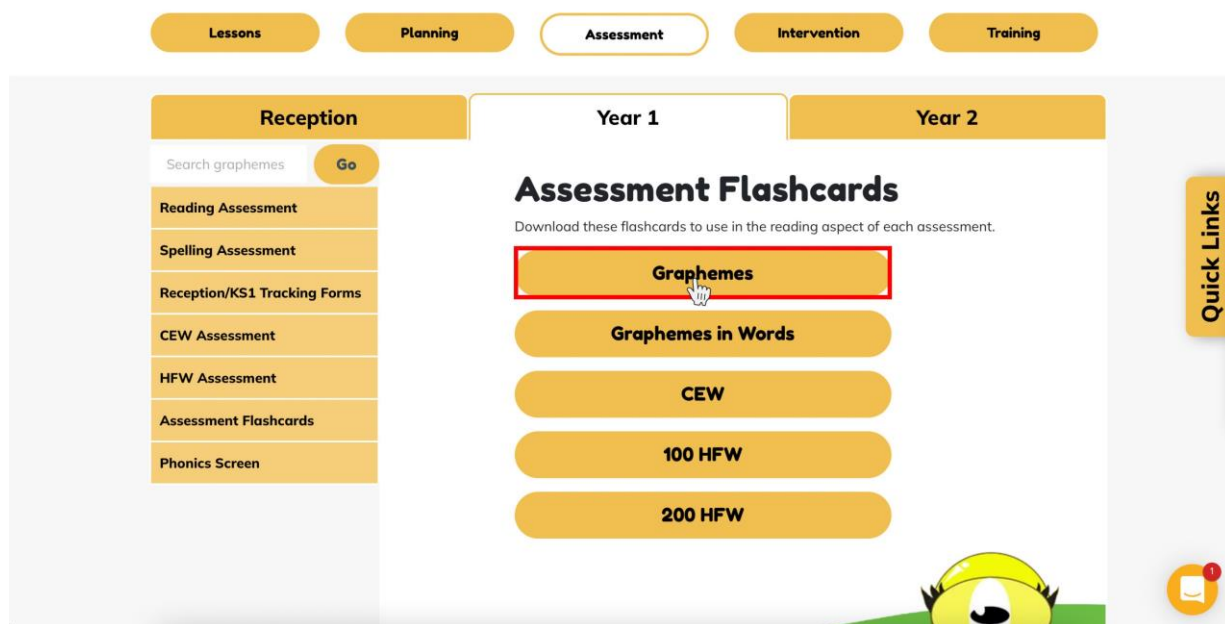

Formative reading assessments regularly track progress. These take place in weeks 4 and 8 of Term 1, weeks 3, 6 and 9 of Term 2 and in weeks 5 and 9 of Term 3. They are tested 1 to 1 with an adult using the plain black flashcards provided.

Below the text, there are two buttons: 'Reading Assessment' (highlighted with a red box) and 'Reading Assessment Overview'. A 'Quick Links' sidebar is visible on the right. A red cartoon monster is at the bottom right of the page.

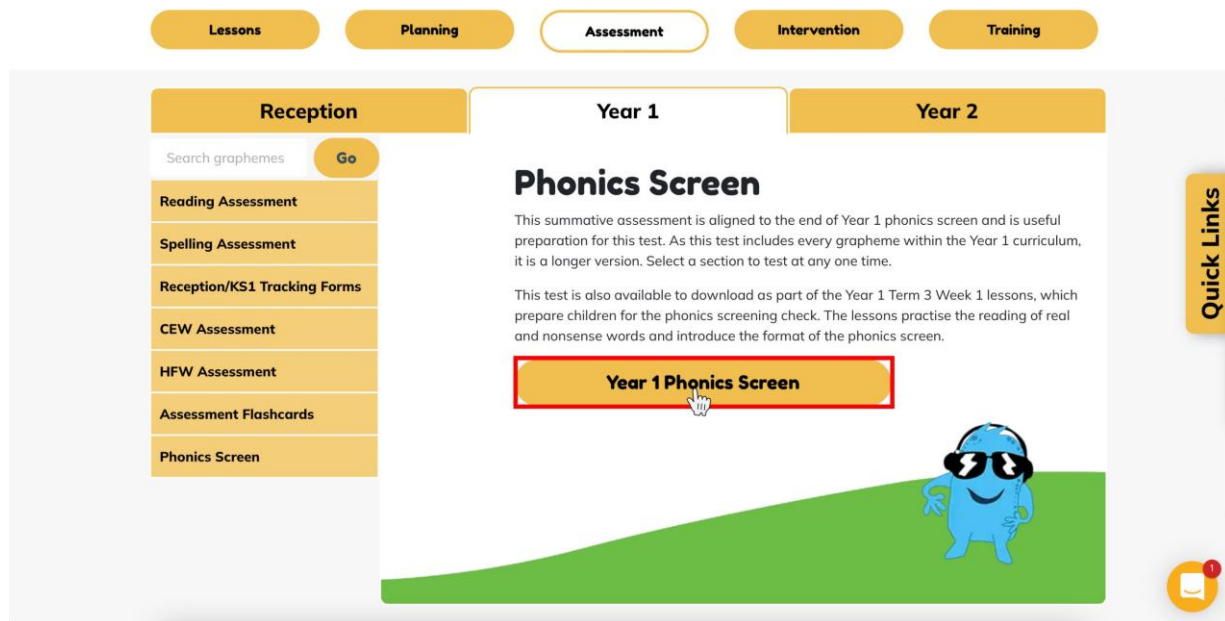

Tracking forms are also available for GPCs, CEW and HFWs for Reception, Year 1 and 2.

Flashcards can be downloaded here for the Reading Assessments.

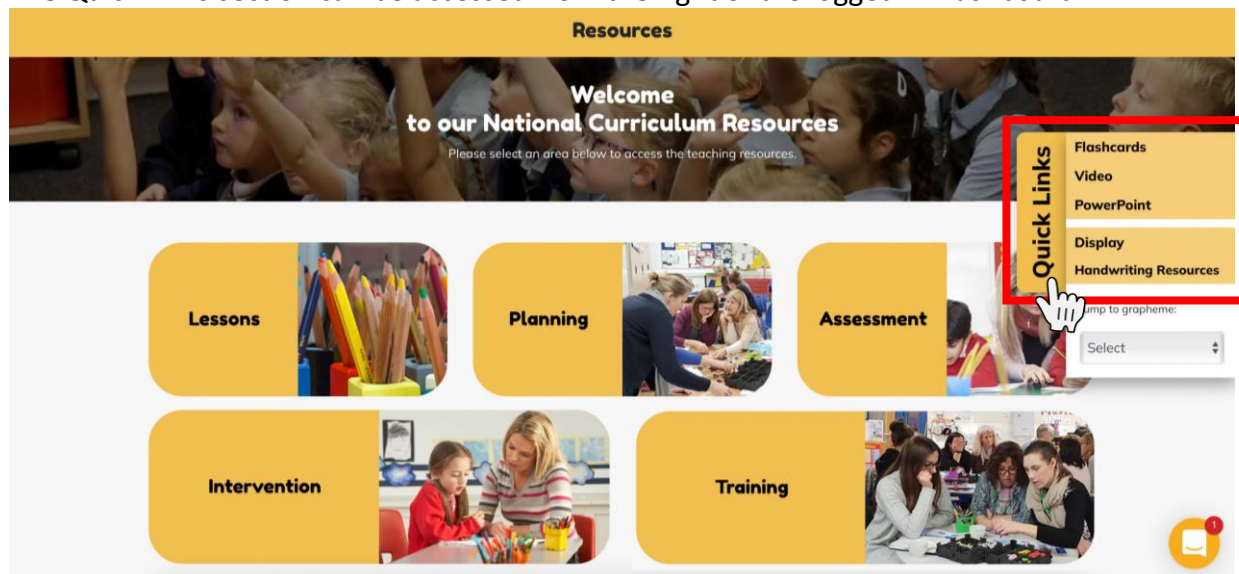

The Phonics Screen has practice for every GPC taught so far.

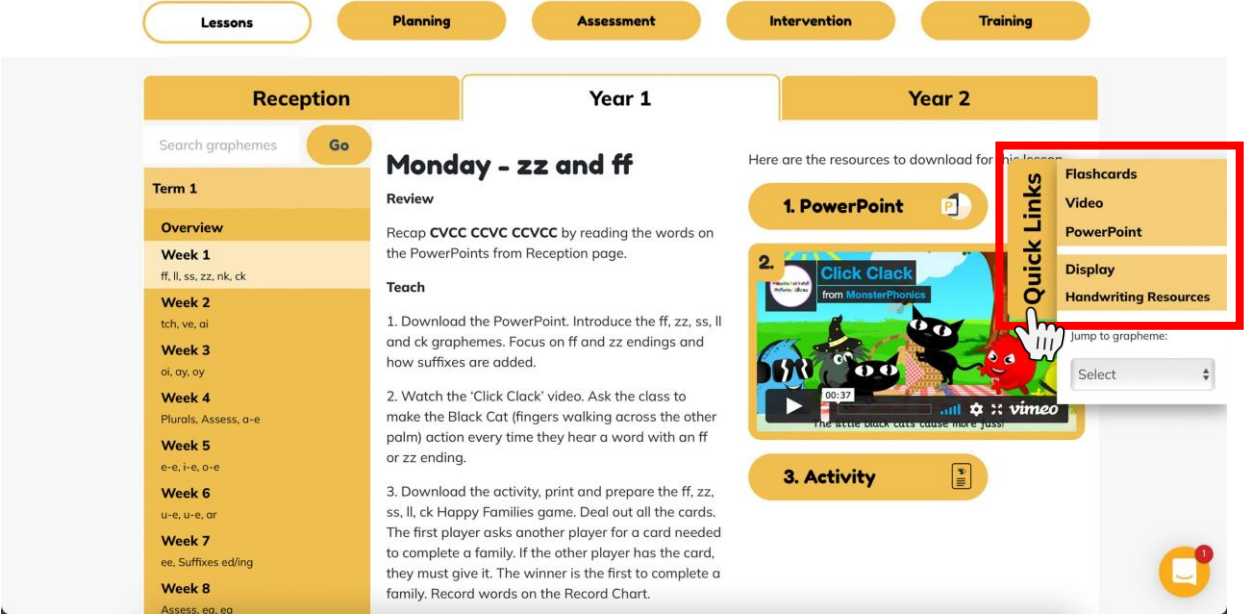

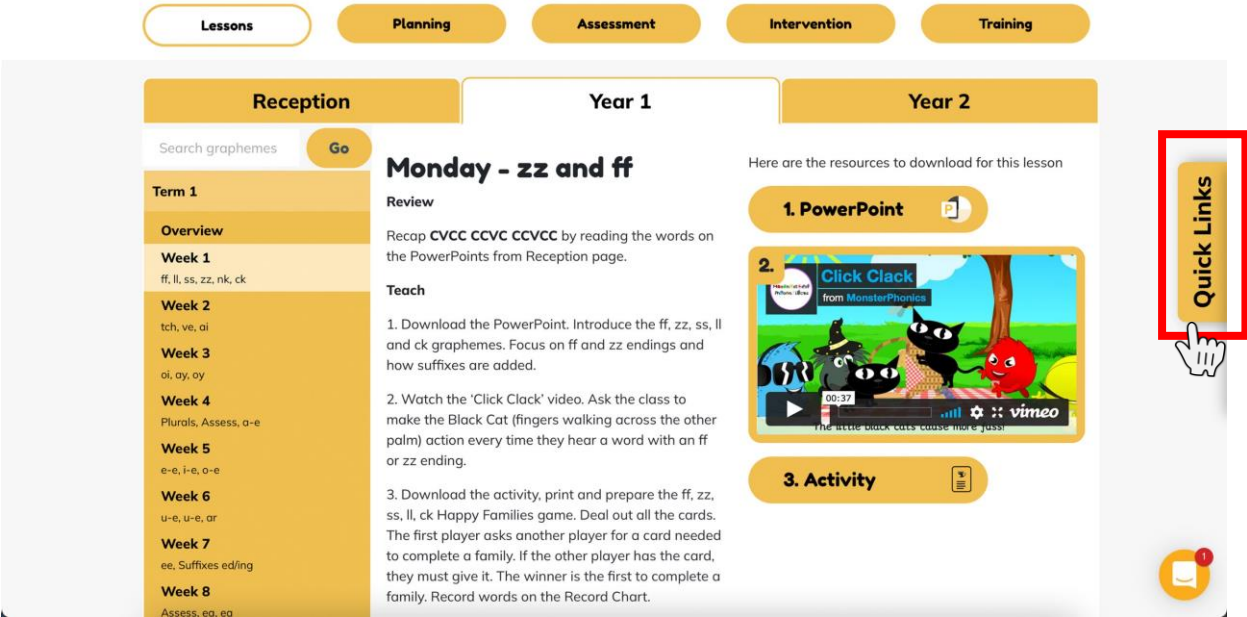

## Quick Links to Flashcards, PowerPoints, Video, Display, Handwriting

Flashcards for all GPCs, HFWs and CEWs can be found in the Quick Links. This section can also be used to search for PowerPoints and videos from within the programme.

The Quick Links section can be accessed from the right of the logged in Dashboard.

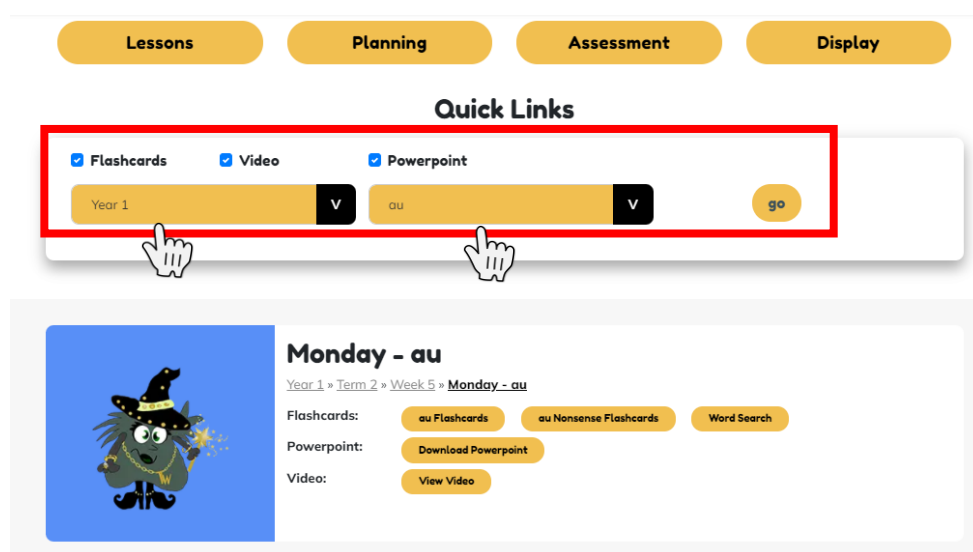

It can also be accessed from any page within the programme by clicking the Quick Links tab to extend out.

Click on any of 'Flashcards', 'Video' or 'PowerPoints' to search for these.

Select options for what you wish to search for from the next page.

Click on Display to access a vast quantity of useful classroom display items. This helps to embed the programme.

## Display

Download posters and flashcards to embed phonics teaching across your school. Display these in the classroom and around the school to provide further opportunities for learning and consolidation.

This guidance will explain:

- The structure and an overview of the reading scheme
- How to assign children to the correct stage on the reading scheme
- How to use the decodable books for group and individual reading.

## **Why use decodable books?**

Decodable books encourage children to read using systematic synthetic phonics as the prime approach. When children read decodable books, they are more likely to try to use phonics to decode to read. Studies show that this improves the accuracy of a child's reading and limits the use of less effective reading strategies, such as reliance on pictures or context.

## **The Progression of Monster Phonics Decodable Books**

The progression of the Monster Phonics books is matched to that of the teaching programme. This means that the books introduce new grapheme phoneme correspondences (GPCs) in the same order as the teaching programme, and that the progression within the books is cumulative so children can practise the phonics that they have already learned earlier in their lessons. Each high-frequency word (decodable and common exception word) is also taught in the programme before the children read it in a book. Each book focuses on a key grapheme. Monster Phonics uses colour to help children learn the link between sound and spelling. This significantly improves progress, supporting memory and confidence.

Download the [Progression and Alignment](#) document. This shows how reading books match to the main phonics programme and the National Book Bands. The National Book Band colour is marked on the top right on the back page of each book.

# Reading Scheme Structure

## Reception Books – Stages 1, 2, 3, 3.1 and 3.2

There are 60 books in the Reception stages.

Reception books support the teaching of initial sounds and consonant digraphs to help the fundamental stages of reading. The familiar characters and fun stories engage children in reading. Each Reception book has an optional section for an adult to read at the bottom of each page. This text is not critical for the understanding of the story but adds further detail to help bring the story to life.

Stages 1, 2 and 3 focus on blending the letters and the consonant digraphs.

Stage 3.1 practises digraphs and trigraphs.

Stage 3.2 practises reading CVC+ words.

## Reception Books - Stage 1 -3

## Year 1 Books – Stages 4, 5, 6, 7 and 8

There are 50 books in the Year 1 stages.

Stories are matched to the Year 1 graphemes in the KS1 curriculum. Stages 4, 5, 6, 7 and 8 focus on digraphs (including split digraphs) and trigraphs

Using colours to help children learn the link between sounds and spellings, Monster Phonics significantly improves progress. The phonics focus words and high-frequency word practice boxes at the start of each book, along with the questions at the end of each story, help aid children’s development and comprehension skills.

## Book Structure

The Monster Phonics characters and books are very popular in schools. The books are highly engaging. Each Reception book also has an optional section for an adult to read at the bottom of each page. This text is not critical for the understanding of the story but adds further detail to bring the story to life. The books gradually increase in length and complexity as the scheme progresses to match the reading level. This continues to support engagement and helps to captivate interest as children mature.

Keyword practice boxes at the start of each book give children an opportunity to practise decoding words from the story prior to reading it. This enables them to read the book with confidence. Stories include 'wow words' and centre around the popular monster characters. Each book has a set of questions to develop comprehension skills. They encourage discussions around inference, vocabulary, and language comprehension.

## Placement Procedure

Children should practise reading using books in which 90% of the words are read accurately and with fluency. This ensures that children practice the skills of reading with confidence. Our Placement Procedure is a simple assessment to match children's secure phonic knowledge to the correct level book.

1. Determine the furthest GPC in the programme at which the child's phonics knowledge for reading is secure by examining the results of the most recent Formative Reading Assessment and the Success Criteria from recent Lesson Plans.
2. Use the [Placement Chart](#) to match the most recently secured GPC to the appropriate decodable reading book.
3. Check that the child can read the phonics keywords and HFWs for that book.
4. If 90% or more words are read fluently and accurately, start the reading scheme at this point. If not, look further back in the Placement Chart. Find the point in the Placement Chart at which the child can read the phonics keywords and HFWs with 90% fluency and accuracy.

# Using the Decodable Books

We recommend that Monster Phonics Books are used in your normal guided reading sessions each week then sent home.

## Guided Reading

### Organisation and Resources

Use the results of the Placement Procedure to allocate children with a similar level of phonics knowledge to a guided reading group. Your guided reading groups may be uneven in size and can be updated throughout the year to reflect assessment as children progress at different rates. Guided Reading helps children to practice their reading at an appropriate level in a structured situation with support if required.

We recommend 3 timetabled sessions of guided reading each week. The same book is read in each of these sessions.

The phonics focus words and HFWs are located at the start of each book. Each book also includes comprehension questions. We recommend that you have grapheme flashcards for the Phonics Revisit and Preview section below. Have sticky notes available to record new or interesting vocabulary or words or GPCs where support was required to read.

#### Focus words

fat	fun	fin	off	huff	puff
get	bus	bucket	big	cod	kick

#### High-frequency words

the	is	oh	no	off
to	and	I	of	on

### Phonics Revisit and Preview

1. Use the grapheme flashcards to preview recently taught GPCs. Show the card and encourage children to say the sound. Now show the focus grapheme. The children say the sound. Make a note of the recognition and recall of GPCs.

The children read the phonics focus words that use this grapheme in the table at the start of the book. Read together and individually in different ways. For example, read the words in different directions or by reading similar words together, such as cake, take, rake. Make a note in the [Monster Phonics Guided Reading Record Sheet](#) of the fluency of reading of the phonics focus words. Can each child decode the phonics focus words?

Repeat this activity for the HFWs. Record any difficulties with fluency in reading.

## Comprehension

1. The group discuss and re-tell the story.
2. Read the comprehension questions to the group. In Year 1 and 2 books, comprehension questions appear at the end of the book. In Reception books, they appear at the start under 'Things to think about before reading the story'. Make a note of any significant comments on inference and understanding of the story and language on the record sheet.

## Questions

1. What did the monsters do in the snow?
2. What did *Miss Oh No* forget?
3. Why couldn't the monsters see *Bow*?
4. Why did *Bow* look sorrowful?

## Home Reading

At the end of the week, we recommend sending the book home for the children to further practise reading. As each child has already practiced the book in school, we recommend that they independently read the book to an adult at home, receiving support where necessary. The adult completes the Home Reading Diary.

In addition to the independent reading of decodable books, we suggest that children are given an additional non-decodable book, chosen from a range of other quality books to share at home. This can either be read to or with them. This is useful for extending vocabulary, topic knowledge and story structure. Providing as many reading opportunities as possible creates a love of reading for pleasure.

Parents and caregivers are invited to attend a live online Parent Phonics Session that is delivered to all of our schools. These sessions explain how children use phonics to read. Parents are able to ask experienced teachers questions about how to support their child with their reading.

## Progress Checks

Repeat the placement procedure after the next formative reading assessment. Adjust the guided reading groups so that each group consists of children with similar secured phonics knowledge for reading.

If any of the children have not met the expected progress, allocate additional reading intervention.

1. Provide additional daily reading opportunities for further decoding practice.
2. Use the assessment to determine the knowledge and skills gaps to target. Intervention activities can be found in the Intervention Section.

For further guidance on using our decodable books, watch the following video:

# Training

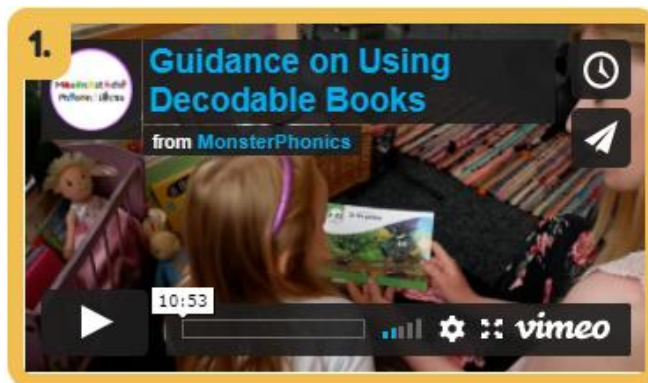

Monster Phonics is committed to providing continuous, high-quality training, to all those leading or delivering phonics. Our training covers all aspects of phonics, as well as helping all involved navigate through the Monster Phonics content, to ensure high quality teaching to all, and overall school fidelity to the programme.

All staff are supported through our training programme to navigate the Monster Phonics Programme, including our decodable books and our dedicated intervention programme of work, to help those in need of support.

Training takes place via online or face to face sessions, depending on a school's need. Schools subscribe to our training for the duration of their membership, with the content available throughout, enabling teachers to access it every day. All schools have access to a dedicated trainer, whose purpose is to ensure school fidelity to the programme, successful implementation to all relevant staff, and improvement in overall phonics knowledge and teaching.

Our training programme is mandatory as it is an essential element of an SSP programme and is key to ensuring that schools effectively implement Monster Phonics with fidelity. This continuous professional development in the teaching of phonics and reading results in a high level of skill and expertise which supports pupil progress and school improvement.

Both the training packages offered include our online training series, consisting of 26 modules over 3 levels of training, as well as face to face training with one of our expert trainers. Training assessment ensures that teaching staff complete the training having secured extensive knowledge in all aspects of the teaching of phonics and reading.

*"The training programme is very comprehensive. It is broken down into manageable chunks and the videos of lessons in action are very helpful, particularly the guidance on decodable books and guided reading."*

**Rachael Glenn, Phonics Lead, Kingsley Community School**

*"Toni, our allocated trainer is excellent. Her expertise and passion for phonics shine through. There was a buzz around the whole school after our welcome meeting. The training programme was clear, concise and easy to follow."*

**Vicky Leah, Phonics Lead, St Oswald's Primary School**

At Monster Phonics, we are recruiting new trainers all the time, to ensure we provide the correct ratio of trainers to schools. Each school builds a direct relationship with a dedicated trainer, who is on-hand to help with the successful implementation of our programme.

If you would like to join our team on a full or part time basis, please contact us at [info@monsterphonics.com](mailto:info@monsterphonics.com).

# Training Packages and Pricing

*Our training packages are available for 3-Year and 1-Year Subscriptions*

## **Training Package 1**

*For 3 Years - £349 in the first year, £150 in the second year, £150 in the third year*

*For 1 Year - £349*

- Full access for all staff to our comprehensive online training programme for the duration of your membership
- Our training programme comprises of three levels, including 40+ videos, a dedicated trainer assigned to your school, and assessments for staff
- Level 1 for all staff, focuses on teaching phonics and explains the Monster Phonics system
- Level 2 for all staff focuses on how to teach using Monster Phonics and what this looks like in the classroom
- Level 3 for the SLT helps further embed Monster Phonics in the school, self-evaluation and school improvement plan
- At the end of levels 1 and 2, assessments are taken, facilitating staff progress against required knowledge and skills to teach phonics and reading
- Your school is assigned a dedicated trainer, to support staff every step of the way
- This package also includes a Parent Webinar for helping parents support their children at home

## **Training Package 2**

*For 3 Years or 1 Year - £2499*

- All the benefits of package 1, with the following additions:
- 2-day training plus access to our online training programme every day throughout the year
- The 2-day face to face training covers the content in package 1 as well as providing bespoke material created during a welcome meeting with SLT
- Bespoke refresher training in your second and third year

## **Our Trainers are Assigned to Individual Schools**

Our network of trainers across the UK are highly skilled and experienced teachers in phonics, the majority of whom have worked as phonics leads or within senior leadership or school improvement. Each trainer is assigned to 10 schools to deliver training and provide ongoing support throughout the year. They work with the Phonics Lead, class teachers and SLT to implement the programme and improve results.

# Monitoring Teaching and Learning

The monitoring of teaching and learning is an important element of ensuring that Phonics, as with any subject, is of a suitable standard for each cohort of children.

The Phonics Lead will be responsible for this, and Monster Phonics recommends a triangulation method. The triangulation method in this instance means that the following three techniques of monitoring will be: lesson observations, learning walks and book/work scrutinies.

## Timetable

It is recommended that a monitoring timetable is created and followed by the phonics lead in order that suitable targets are set for individual members of staff; this results in the most effective teaching taking place, and therefore the most effective learning. Your Monster Phonics designated trainer will be available to support you with your monitoring timetable.

## Observations

Phonics lesson observations are planned for within each term of the academic year—Autumn, Spring and Summer. There is a suggested observation format, but you may choose to use an agreed format from within your own setting. Regardless of which format you follow, it is really important that when observing a lesson, the following elements are assessed (as per page 5 from the Monster Phonics Teaching Manual):

- Review
- Teach
- Hook
- Activity
- Plenary

By doing this, the observer will be checking and assessing the teaching and learning of the crucial elements of a Phonics lesson.

Another vitally important part of a lesson observation is that of feedback. From this, the Phonics Lead should be giving constructive analysis of the lesson and setting targets with the practitioner. Doing this, and giving the targets a timeframe, ensures that the member of staff continues to evolve and improve in their Phonics teaching.

Peer mentoring is also recommended whereby members of staff can observe one another's lessons to support each other.

## Learning Walks

In addition to observations, learning walks allow the Phonics Lead to learn a great deal about the teaching and learning that takes place. As with the lesson observations, these are scheduled on the monitoring timetable for one per term—Autumn, Spring and Summer. The main purpose of a Learning Walk is to collect evidence about teaching and learning, evidence of progress, and should be based on areas for school development. They are intended to be developmental and constructive rather than judgemental, and are a whole-school improvement activity. These are intended to be shorter than a lesson observation, at around ten minutes. However, feedback is still required, with targets if deemed necessary. There is a suggested template, which covers what to look for in a learning walk.

## Book Scrutinies

The final part of the triangulation of monitoring is that of the book scrutiny. This is like the final piece of the jigsaw and allows the monitoring team to check the level of learning that is taking place within Phonics. As well as looking at any Phonics or Spelling books, it is important that children's other writing is analysed in order that the application of the taught Phonics and spellings can be assessed. As with the learning walks, feedback is required in a constructive and developmental way. As with the other two areas of monitoring, the book scrutinies are included in the monitoring timetable.

## Monster Phonics Assessment Schedule

It is vitally important that the scheduled summative assessments take place (refer to the section on Assessment within this manual). The Phonics Lead should be monitoring that these are completed. The information should then be collated in order that analysis of the results can take place. The same is true for any intervention groups that are needed.

# Monster Phonics Assessments

Regular and efficient monitoring of children’s development in phonics is essential if they are to become competent and confident readers, and subsequently writers. The Monster Phonics programme has a clearly mapped set of assessments which allows for checking children’s grapheme phoneme correspondence (GPC), knowledge of High Frequency Words (HFWs) and Common Exception Words (CEWs) for reading and writing.

The assessment schedule for Monster Phonics is broken down for each year group— Reception, Year One and Year Two. Each year group has a set of graphemes, CEWs and HFWs to be learnt and then assessed.

## Daily formative assessments for all year groups

The first and most frequently used assessment will be undertaken daily by the adult delivering the phonics session. It is suggested that children who have not met the daily objective, as stated in the planning document for the lesson, are noted, and any gaps are addressed with a short recap at some point before the next discrete phonics session. If this form of assessment is followed thoroughly, children should be getting the best possible provision in order that gaps in learning do not occur, or at worst, occur very infrequently. Below is an example of a daily planning assessment box:

### Reception EYFS Planning | Term | Week: 1 | Graphemes - s a t p

Learning outcome	Assessment <b>Children not meeting the LO are noted here, daily</b>
Teach graphemes s, a, t and p.  Practise the letters and sounds learnt.  Practise oral blending and segmentation.  Practise blending for reading.  HFW: a at as.	Can the children recognise the s,a,t and p graphemes?  Can the children blend orally?  Can the children orally segment?  Can the children hear initial sounds in words?  With support can the children read the HFWs at, sat, pat, tap?

As with any formative assessment, teachers should also be regularly reviewing the children’s achievements in the application of newly taught skills and knowledge. In the case of phonics, this is applicable in the area of reading and writing throughout the rest of the curriculum (independently, guided, or 1:1). Again, this allows for any misconceptions or problems to be quickly identified and plans made to fill potential gaps.

## Summative assessments

In addition to daily formative assessments, Monster Phonics also has a series of timetabled assessments. These are clearly laid out in an assessment section on the website, and are also available in the appendices.

Within the online assessment area, there is an overview for each year group—Reception, Year 1 and Year 2. Every scheduled assessment will have a combination of the graphemes, decodable words, CEWs and HFWs that have been taught. These are listed by term and assessment period in the relevant overviews.

All flashcards for reading are ready made and fully printable in plain black text. In addition to this, each year group has a set of dictations that can be used with the children during the summative assessments.

### Reception Assessment Schedule

For each scheduled assessment, please refer to the Assessment Overview found in the appendix.

This document details exactly when assessments should take place, and what the children will be formally assessed on. This ties in directly with what the children have been taught from the programme to that point in their learning.

All of the summative assessments in Reception have the scope for assessing reading and writing. These assessments are designed to take place in a 1:1 situation, ideally in a quiet area, away from the main classroom, and outside of the discrete phonics lesson. Time in the class timetable should be allowed for this, and each assessment should take no more than five minutes per child.

## Completing the assessment

All of the Reception summative assessments should take place in a 1:1 situation, away from the busy classroom setting, and separate from the discreet phonics lessons. Ensure that the child is comfortable and relaxed, and explain the task fully. Show the child the flashcards for the graphemes, decodable words (these are made up from the taught graphemes to each assessment point), CEWs and HFWs, asking them to tell you what each says. When first presenting the word cards, prior to the children attempting the task, model the act of segmenting and blending, as per the teaching that takes place in the classroom: place your finger on each sound, while saying them, then glide your finger from left to right, blending the sounds together. Throughout the assessment time, praise the child and encourage them. While assessing, complete your chosen format for recording the results from either the assessment section of the website, or the resources section at the back of this manual.

The image shows a screenshot of the Phonics website interface. The top navigation bar includes 'Home', 'How it Works', 'How to Teach', 'Reviews', 'Training', 'Apps', and 'Books'. Below this are three main tabs: 'Lessons', 'Planning', and 'Assessment', with 'Assessment' selected. Under 'Assessment', there are sub-tabs for 'Reception', 'Year 1', and 'Year 2', with 'Reception' selected. A search bar for graphemes is present, along with a 'Go' button. A sidebar on the left lists various resources: 'Reading Assessment', 'Spelling Assessment', 'Reception/KS1 Tracking Forms', 'HFW Assessment Forms', 'Assessment Flashcards', and 'Phonics Screen'. The main content area is titled 'Reading Assessment' and includes a description of formative reading assessments and a link to 'Reading Assessment Overview'. A red monster character is visible at the bottom right of the screenshot.

Year One Phonics Screen

Moonster Phonics

All relevant flashcards are available in the assessment section of the website.

# Intervention

## Targeted Intervention

This dedicated intervention section provides keep-up resources for when children who have not met specific Learning for any phonics lesson. We recommend a same-day approach to intervention, ensuring every child progresses and keeps up with their peers. Our intervention activities are simple with reduced cognitive load and targeted using a multisensory approach to facilitate learning.

Our intervention takes account of the key principles of memory

- It is targeted around assessed learning objectives to determine the content that is required to be embedded in long term memory
- It focuses specifically on what children need to pay attention to
- The content does not overload working memory
- additional resources are available for overlearning
- It provides repetitive fast-paced practice of GPC recognition, letter formation, blending and segmenting
- The activities are routine for efficient learning

Blending and segmenting are practised within the sessions. Following on from this, children should be encouraged to blend and segment in their heads and eventually chunk longer words to read. This facilitates fluency.

**3. Activity**

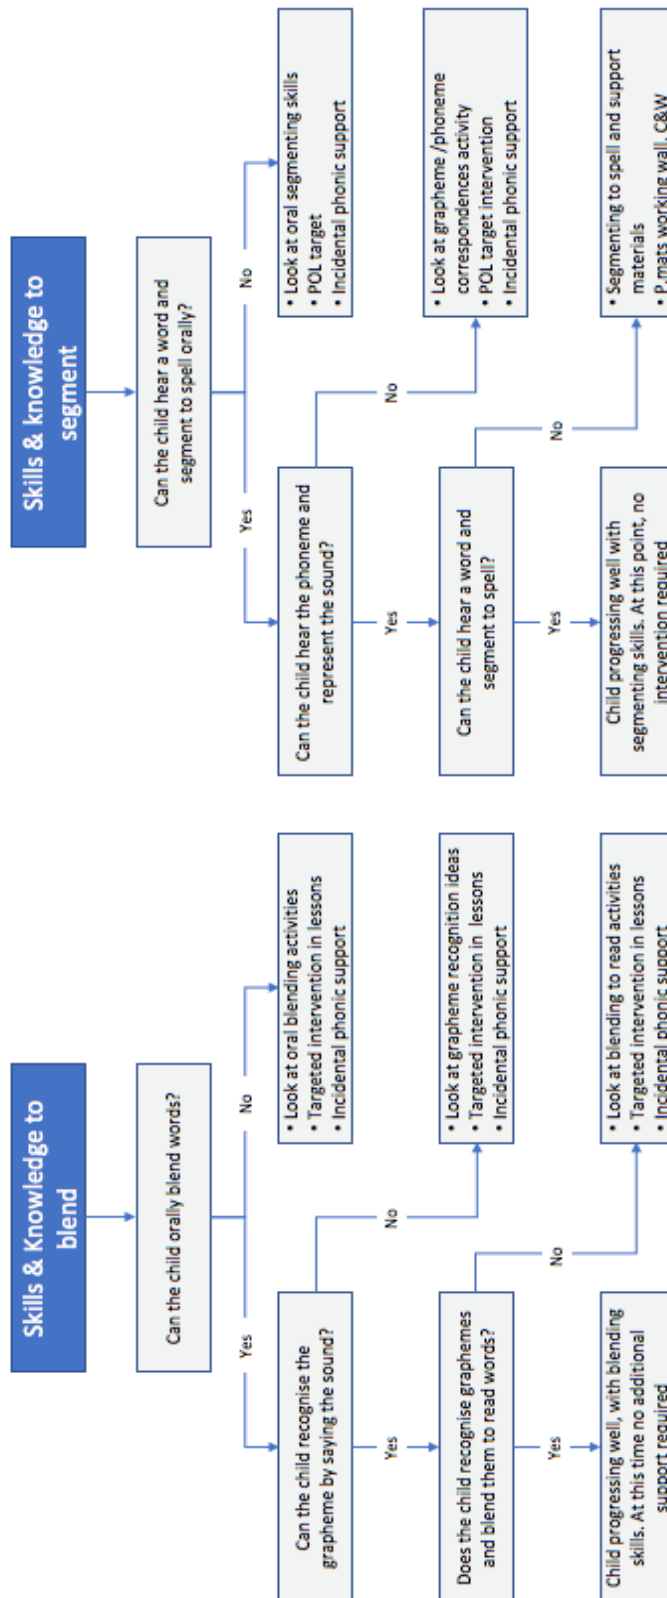

### How to use this intervention

1. Identify children at risk of not keeping up. This will include any pupils who have not met one or more of the learning objectives of the recent lesson (as shown in the Termly Plan) and children who have gaps in learning shown in the regular assessments.

Year 1 | Term 1 | Week 9 | er, ir, ur

Learning Objective/Success Criteria	Assessment
Teach the er, ir and ur graphemes.	Can they recognise the er, ir and ur graphemes?
Practise blending for reading.	Can they blend the er, ir and ur graphemes and other graphemes to read words?
Practise segmenting for spelling.	Can they segment the er, ir and ur graphemes and other graphemes to spell words?
Practise blending to read sentences.	Can they blend to read sentences?
Practise segmenting to write sentences.	Can they segment to write sentences?
HFw: Mr, Mrs, what, their, little, called.	Can they spell the HFws: Mr, Mrs, what, their, little, called?

2. To be successful, confident readers and writers, children need phonics knowledge of the alphabetic code and to master phonic skills such as segmenting and blending. Download the [Skills and Knowledge Gap Flowchart](#) below. Use this to identify any skills gaps.

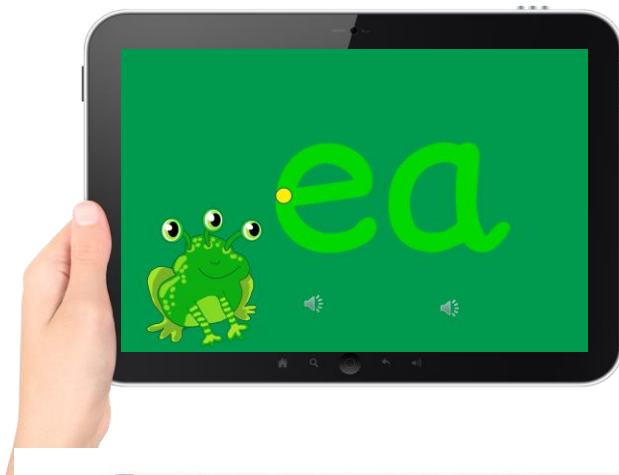

3. With the knowledge and skills gaps identified, the focus of intervention can be determined. For example, if the knowledge gap is the recognition of ai grapheme and a difficulty in the skill of blending has been identified, then focus on reading the grapheme and blending this with other known graphemes to read words. If the skill of segmenting to spell words containing a grapheme has been identified, then focus on this in the intervention.

4. Where possible, schedule the intervention session on the same day. This allows gaps in phonics knowledge to be addressed before the next phonics session.

5. Select the focus grapheme from the list shown on the left of the screen. Follow the instructions on the page:

- Deliver the 10-15 minute session to a small group or one-to-one
- Choose to watch either the PowerPoint or Video (the content is the same)
- Children complete the sections of the activity that relate to the specific Learning Objective.

5. Re-assess the Learning Objective and record progress. For children who have still not met the Learning Objective, liaise with your Phonics Lead. If a child has not met 3 or more recent Learning Objectives, meet with your Phonics Lead or SENCo to prepare a Catch-Up Plan to focus on achieving these. Ensure that this uses multi-sensory teaching to reinforce the memory of phonics knowledge and letter formation and practise blending and segmenting skills. The multi-sensory nature of Monster Phonics and resources, such as the magnetic letters, are supportive of this catch-up. Share the plan with parents to gain their support in practising simple activities at home which help to achieve the Learning Objectives set out in the Catch-Up Plan. Also, inform your Key Stage Leader and specialist teachers. For further support, liaise with one of our trainers. We have teachers with specific expertise in SEN and school improvement in our team who are here to support your school.

[Additional review activities](#) are provided within the Reception section, to help children at the start of their learning journey. Please ensure that you use these to further practise the skills of blending and segmenting, and to recap grapheme-phoneme correspondence and handwriting formation. Tricky and decodable high-frequency words can also be reviewed here.

## Additional In-Class Opportunities

Providing lots of incidental phonics learning opportunities throughout the day will help consolidate learning. Taking phonics beyond the phonics lesson will mean that children can practise skills in all subjects and aspects of their daily routines.

Some suggested ideas for incidental activities:

- Passwords to access the classrooms or different areas of the classroom
- Using Monster Phonics songs as part of a daily routine for line up, tidy up time etc.
- Access to decodable books in provision
- Magnetic letters and phoneme frames available
- Well-equipped writing areas and book corners
- Interactive working walls
- Lunchtime phonics games, rainy day phonics games
- Monster Phonics sound charts, posters and interactive displays
- Signs and labels around the classroom/school.

## Supporting Key Stage 2 Children [GR2]

Monster Phonics teaching progression transitions seamlessly from YR through to KS1. It can also be used in Key Stage 2 for children who may not have mastered these phonics skills and knowledge. In KS2, we are looking at children who find phonics challenging, have difficulty retaining phonics knowledge, and may be starting to become disengaged with the subject.

To support these children most effectively, we should:

### 1. Use the assessments to determine the gaps in phonics knowledge and skills.

The phonics, HFW and CEW assessments within the Assessment Section can be used to determine the key Learning Objectives for catch-up.

### 2. Focus on the higher order of learning needs.

This includes the teaching of the high-frequency graphemes and high-frequency words.

High-frequency graphemes are more common and therefore are used more often to blend to read or segment to spell. A focus on these graphemes allows efficient catch-up. High-frequency graphemes can be found on the left of the grapheme arc shown on each grapheme poster.

They are also shown at the top of each column in the Sounds posters.

It is important for all children to be able to spell the first 300 HFWs as this uplevels the look of their writing and improves access to the curriculum. These words make up 65% of all print.

Use the First 100 and Next 200 posters, PowerPoints, Flashcards and Spelling Books to support this process.

### **3. Relate to current topics and lesson objectives.**

Focusing on the reading and skilling of topic vocabulary enables children to access and participate more in their current learning. In addition, relating intervention need to the class's current English Learning Objectives supports children to keep pace in all curriculum areas. For example, if the class work involves a focus on a specific author, use relevant pieces from the text to practise activities to meet the Intervention Learning Objectives.

### **4. Involve staff that have an impact on the child's learning and parents.**

Keep parents informed of the Intervention Learning Objectives. Providing simple regular activities to practise use of knowledge and skills facilitates progress. The multi-sensory nature of Monster Phonics activities means that this learning will be more engaging and memorable, which is ideal for support at home.

## **Utilising parent support**

Explaining the programme to parents so that they can support their children at home is vitally important. Monster Phonics provide parent webinars and leaflets about the scheme to share with parents. Sharing and updating parents about the learning you are focusing on in class on a weekly basis enables parents to better support their child's learning at home.

All Monster Phonics schools have a dedicated parent log in which means parents can access the online programme, and use the games, flashcards and videos. For any children needing additional support, it is easy to send parents a link to direct them to areas you would like them to focus on at home.

Parent at schools that subscribe to Monster Phonics eBooks also have an eBook login to read the decodable books at home.

# Purchasing Resources

## Reading Scheme

The Monster Phonics Reading Scheme consists of 130 decodable books divided into stages: 5 stages in Reception, 5 stages in Year 1 and 2 stages in Year 2.

£399 for the whole scheme (130 books)

£1327 for 5 copies of the whole scheme (650 books)

Books can also be purchased for a specific year group or in individual stages.

eBooks subscriptions are available for the whole scheme of 130 eBooks, or for specific year groups or stages. An ideal way to ensure continuity of home learning support.

£329.00 for a whole scheme subscription (130 books) for 12 months.

## Colour-Coded Magnetic Letters Kit (Discounts for Member Schools)

Monster Phonics [Magnetic Letters](#) are different from any other magnetic letters because they are colour-coded for sound.

Each sound is linked to a colour and a monster that makes the same sound. This makes learning phonics much easier and lots of fun too.

Each set costs only £38 and consists of 2 boxes and a total of 158 magnetic pieces. Discounts only available to member schools.

## Spelling Logs

Colour-coded for sound to accelerate learning, our spelling log books cover all KS1 graphemes and spelling rules. Ideal for your weekly spellings and home-learning!

# Embedding Monster Phonics into Your School

## Phased approach to embedding

The Monster Phonics programme is easy to implement and quickly becomes a whole school programme embedded within the environment and everyday school life. This enables the children to be constantly using, applying and reviewing their phonics knowledge.

When beginning any new phonics programme it is key that a multi-sensory approach is used. This ensures that the learning is highly engaging for all and has the most impact on each learner, no matter how they learn best.

Monster Phonics uses a phased approach to implementing the programme.

### **Phase 1 – Learning level**

During this phase, you are using the planning and beginning to navigate your way around the online programme and resources.

### **Phase 2 – Embed Level**

As you enter phase 2, you are confident with navigating the website and are comfortable using the extensive resources Monster Phonics offers. All staff should have attended a training session and your school should have had at least one parent information session. You will also have started to develop Monster Phonics displays around school to support the children's phonics learning. During this phase, you may have a Phonics Leader who is overseeing and monitoring the implementation of Monster Phonics.

### **Phase 3 – Creative Level**

At phase 3, the school have embedded the programme and are now being creative with resources by establishing a bank of teacher-created activities. It is during this creative stage that a culture of phonics is established outside of discrete phonics teaching sessions.

# Working through the phases

## Phase 1: Implementing Monster Phonics

Monster Phonics provides everything you need to teach your lessons and is easy to pick up and implement at any point in the school year. We recommend starting with the very basics when implementing Monster Phonics in your setting, which is getting to know the characters. Introduce these to your children, sharing with them the characters' back stories. You can bring the characters to life by adding the actions to each character so they can be identified and used for future activities and lessons.

Familiarise yourself with the planning and how to use the website. Monster Phonics has lots of resources online to support teaching and to use in your daily school routines. Use the [resource pages](#) to print out a bank of resources that you know you will use regularly like grapheme flashcards and High Frequency Word Flashcards.

## Phase 2: Embedding Monster Phonics in the environment

Phase 2 is all about embedding the programme further. You have implemented the changes using your new phonics scheme, now we want your children to see it everywhere to learn by osmosis.

Monster Phonics provides additional resources, making it easy to demonstrate the learning in your classroom and how this is being assimilated into your environment and group interventions. With the resources on the website, it is quick and easy for teachers to make displays reflecting current learning and supporting the children with their phonics knowledge and skills. The characters are great for making interactive displays around school, and immerse the children and adults into the world of Monster Phonics land.

Included in your subscription are an array of resources which will help you develop your environment. For example, the number cards and days of the week would work well in the maths areas. You could use tricky words as passwords into classrooms, change the labels on

resources and make your own puppets and character masks for the children to role play with.

Look at the signs we use in our classroom and around school. Think about how they could be used to revise the teaching that has already taken place. For example, if the graphemes ay and ou have already been taught and you wish to revise them. Then showing them in a simple but useful sign add additional reading practise.

**Go out to play this way!**

By adding the colour system, we can support children who did not secure this phonics knowledge in their lesson. The colour of the grapheme reminds the children of the sound and helps them to link this to the grapheme, independently revising previous learning.

**Go out to play this way!**

### **Phase 3: Creativity and developing a culture of phonics outside of the phonics lesson.**

Monster Phonics supports those members of your team who may struggle at times to come up with new and exciting activities to capture the attention of the children, but it also gives those members in your team who are very creative some new context to build lesson hooks around. Using the monsters to develop the creativity in your teaching can have a huge impact on the children's learning and can take your children on some amazing learning journeys.

It is during this creative stage that a culture of phonics outside of the lesson establishes itself. As we look at schools in this stage of development, they utilise the resources provided as part of the programme, but you will also see evidence of learning created by the teachers who have run with the ethos of the programme, as well as activities which have been devised by the children themselves.

Using the resources, you can create your own games for continuous provision and make resources to use in other curriculum areas. One of our schools made an Angry A reading cave and it encouraged boys who usually dismissed the reading area as “not of interest” into the cave to read. Using Monster Phonics in your daily routines also helps to consolidate learning. Songs are particularly useful to use at tidy up time or when children are lining up for breaks/lunch times.

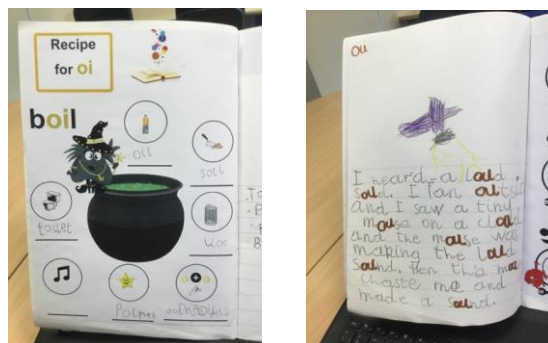

The monsters having their own back stories allows the monsters to be used in different curriculum areas.

A lovely example of this was when a school used “We Are Going on a Bear Hunt” as their focus text. The children wrote their own version of the story “We Are Going on a Monster Hunt”. They used all the monsters and elements of Monster Phonics land to create a fantastic new story.

Schools often choose to extend the theme of their phonics lessons into creative writing. We have seen children developing their own song writing sessions in response to the resources, as well as becoming rappers, witches and singer songwriters! These activities stemmed from using Monster Phonics as the basis for their planning and incorporating it into their literacy, music and other curriculum areas.

To help establish a culture of phonics outside of the phonics lesson, we need to be regularly asking ourselves—is it apparent in the environment? In other areas of school? Within children’s independent learning? In our daily routines?

You can use the programme effectively in its simplest form, but with a little bit of extra knowledge and creativity, you can achieve some remarkable things. Teachers have shared some great examples on our Facebook pages of their monster phonics journey.

Please do feel free to share your ideas with us – we love hearing from you!

# Working in Partnership with Parents

As practitioners, we all know that we are only part of the child's learning journey and that, alongside us, parents play a crucial role in supporting successful progression. Sharing your new approach to phonics will ensure that phonics learning goes from strength to strength. Here are some ideas as to how to engage your parents.

## Information evening

We can deliver an online parent information evening for your school. This gives parents an opportunity to see how the scheme works, what it looks like in school, and ideas on how they can support their child at home. These webinars are an hour long.

## Information leaflet

Monster phonics has an information leaflet that can be downloaded and sent to parents. This is useful as it gives an overview of the scheme and a copy of all the monsters and phonemes that they represent for their reference at home.

## Stay and Play Session

Holding stay and play sessions is a great way to show parents the programme in action. It gives parents a snapshot of how phonics is taught in school and how the multisensory approach works and engages children. You can also include activities demonstrating to parents how to support learning at home in a fun way.

## Sharing resources

All Monster Phonics schools have a parent login. Share this with parents and recommend games and activities that would be useful for their child to use at home. Parents will have access to all the resources available. In addition, you could signpost things like the week's word lists or the downloadable flashcards. Regularly update parents on what you are covering in class so that they can complement this at home by using the correct activities.

## Apps

Parents can help their child to read and spell the first 300 High-Frequency Words with Monster Phonics Apps. The apps are an ideal way for parents to support learning at home. The apps also teach handwriting and the correct letter formation for the most common words.

## Parent starter kits

Monster Phonics has a selection of parent starter packs that can be purchased from the online shop. These packs contain a selection of resources to support children with their phonics learning at whatever stage of the programme they are on.

Standard Parent Pack This pack includes:

- Set of 4 Tricky and Decodable Cards
- 1 x A4 Phonics Sounds Chart
- 1 x A4 100 High-Frequency Word Chart
- 1 x A4 200 High-Frequency Word Chart
- 4 Spelling Books
- 10 Grapheme Posters

Premium Parent Starter Pack – Books, this pack includes:

- 1 x Stage of Reading Books
- Set of 4 Tricky and Decodable Cards
- 1 x A4 Phonics Sounds Chart
- 1 x A4 100 High-Frequency Word Chart
- 1 x A4 200 High-Frequency Word Chart
- 4 Spelling Books
- 10 Grapheme Posters

Premium Parent Starter Pack – Magnetic Letters, this pack includes:

- 1 Set of Magnetic Letters
- Set of 4 Tricky and Decodable Cards
- 1 x A4 Phonics Sounds Charts
- 1 x A4 100 High-Frequency Word Charts
- 1 x A4 200 High-Frequency Word Charts
- 4 Spelling Books
- 10 Grapheme Posters

# Case Studies

Data from high-users of the scheme shows an average pass rate of 92%, and a percentage point increase of 13% in their first year of using Monster Phonics. Phonics catch-up in the first term after the 2020 lockdown was also significant in Monster Phonics schools, with the phonics pass rate in Year 2 improving by an average of 30% (12% to 42% range) to pre-Covid levels by December.

We continuously collect data from schools that use Monster Phonics. The following data is taken from a series of recent case studies.

### Primary School in Toxteth

Year Group	September 2020	May 2021	July 2021	Improvement
Year 1 Phonics Screen Percentage pass rate	<b>23%</b> No child started in Year 1 secure in phase 3 GPC		<b>63%</b>	<b>+40%</b> 3 terms incl. lockdown

## Individual Stories

- Year 1 child who was previously disengaged and very passive. She had little English. She is now fully engaged with the programme and loves it. She brings her own handmade flashcards in and talks about the monsters. Is starting to write and engage in lessons. Loves Tricky Witch! MP has been a way in for her.
- Year 2 Teacher never taught Key Stage 1 and had no previous Phonics Training- loves the programme and says that she wouldn't have been able to teach it without it. She described feeling 'overwhelmed' by the thought of phonics and had little to no subject knowledge-the planning has helped her feel confident in teaching phonics.
- Reception - specific child who struggled with most things in school but has picked phonics really well (GPC recognition but still working on blending) This is a big thing for him and he loves the monsters and knows all the actions. Can also write each sound when asked
- Year 1 Child. No letters and sounds knowledge, couldn't write letters or recognise sounds. Now recognises all of Phase 2 letters and sounds, can write them down and access more of the curriculum. Is able to blend simple vc and cvc words in set 1 (satpin).

We are currently collecting data from Monster Phonics schools. Please contact [info@monsterphonics.com](mailto:info@monsterphonics.com) if you're school would like to be involved.

# Monster Phonics Ambassadors and Model Schools Programme

We are continually developing our programme and resources by responding to your feedback. Our Ambassador and Model Schools programme helps us to do this. Ambassadors and Model Schools receive free access to new products in return for their feedback, trialing of new resources and data collection. We also provide additional free training and a number of useful classroom resources to benefit your school.

## Ambassadors

If you are passionate about phonics and Monster Phonics, you may wish to apply to our Ambassador Programme. You may be the phonics lead at your school or simply have an enthusiasm for teaching phonics and enjoy sharing your ideas. If you are interested to find out more, please email [info@monsterphonics.com](mailto:info@monsterphonics.com) for further details.

## Model Schools

Model Schools exemplify Monster Phonics teaching. The teachers at these schools have embedded the approach across their school and the environment, and are experienced in all aspects of phonics teaching and learning. Multi-school training events are scheduled at Model Schools, allowing the experience, ideas and best practice to be shared by their staff. This includes learning walks, lesson observations and training seminars. Model Schools also contribute to our research and development.

# FAQs

*If you don't see your answer here, click on our Chat icon on our website to ask your question. We are always happy to help!*

## **What is Monster Phonics?**

Monster Phonics is a highly advanced multisensory Systematic Synthetic Phonics Programme (SSP). It uses 10 monsters to categorise all sounds into 10 simple areas. Monster Phonics categorises sounds into 10 areas and uses the Monsters as a categorisation. Each monster has a different colour. That colour represents that way of spelling the sound.

Watch the video <https://monsterphonics.com/how-it-works/>

## **Why does it improve learning?**

The child learns through the assignment of colour and the linkage of the sound, as well as seeing the colour, creating more ways of remembering the spelling. This accelerates learning, providing a fun memory cue for children. The colour-coded grapheme system is unique to Monster Phonics; each coloured grapheme is paired with a monster character that makes the same sound to give audio-visual prompts that help children 'see' each sound within a word and pronounce it correctly.

## **Who is it for?**

Monster Phonics is for children from Reception and Key Stage 1. It can also be used as an intervention support in Key Stages 1 and 2.

## **Has your scheme been validated by the Department for Education?**

We are submitting for validation in the next round of DfE validation at the end of October.

## **Does this programme cover the National Curriculum?**

Yes, lesson plans and resources are available for every grapheme and spelling rule taught in Reception and the Key Stage 1 National Curriculum.

## **Does your scheme follow the same order as Letters and Sounds?**

The graphemes are taught in the same order as letters and sounds in Reception. This order of teaching maximises opportunities for children to read and write words right from the start when learning phonics. The High Frequency Words and Common Exception Words follow a slightly different order so that they meet the requirements of the National Curriculum and to ensure that children have learnt all the first 100 HFWs and the next 200 HFWs by the end of Y2.

## **Is Monster Phonics suitable for SEN schools?**

Yes, Monster Phonics is suitable for SEN schools and SEN units within mainstream schools. Our innovative and highly advanced multisensory approach supports SEN children learning phonics in a memorable, fun and engage way.

### **Is Monster Phonics suitable for EAL children and international schools?**

Yes, Monster Phonics is suitable for children who speak English as a second language. Our unique approach helps children to learn to read and write words containing the difficult long vowels, silent letters and tricky words that frequently cause problems for children learning to read and write in English. It also provides more support with pronunciation. This is particularly beneficial for EAL learners

### **Can my school start Monster Phonics at any point during the academic year?**

Yes, Monster Phonics is easy to introduce at any point in the school year. Our easy-to-follow yearly progression maps show the order of teaching and where to start in the Monster Phonics programme. The consistent planning makes it easy to implement improving results straight away.

### **Are there any Monster Phonics Schools in my area?**

You can see all our Monster Phonics schools on our website  
<https://monsterphonics.com/schools/>

### **Can I try Monster Phonics with my class?**

Yes, you can. We recommend all the teachers to sign up for the 15 days free trial to access the planning and resources without any commitments.

### **What reading scheme can we use with the programme?**

We have our own reading scheme which consists of 130 decodable books which are aligned to the Monster Phonics Programme.

### **What is the Monster Phonics App?**

Our Apps help children to read and spell the first 300 High Frequency Words. These apps can be downloaded in Apple and Android devices.

### **How do I purchase the Monster Phonics Apps?**

Visit the [AppStore](#) and [PlayStore](#).

### **Can Monster Phonics be used overseas?**

Yes, there are many international schools that use Monster Phonics.

### **How much does membership to the programme cost?**

We offer 2 memberships, 1-year for £ 599 + Vat and 3-Year membership for £ 399 + VAT / per year

### **What does the membership package consist of?**

The Monster Phonics membership will give all your teaching staff access to the planning, daily lesson, assessments, handwriting and intervention resources covering all the reception, year 1, and year 2 phonics and intervention across the school.

### **Are resources included in the cost?**

Yes, all the resources you need for planning lessons, delivering lessons, for assessments and for interventions are available on the website and included in your subscription. You will find PowerPoints, videos, flashcards, activities and display resources. These can be downloaded throughout your membership.

There are also some additional resources that you can buy to ease and enhance the scheme, which can be found in the Monster Phonics Shop.

### **Decodable Reading Books**

#### **How much does the Monster Phonics Reading Scheme cost?**

The Whole Scheme of reading book (130 Books) is £ 399 we also offer the Multipack which is 650 reading books (5 times each title) for £ 1327.

Visit the Book Page to find out more about the different options available.

#### **Do you have the reading books in electronic version?**

Yes, we do. We have an eBooks subscription package which will provides access for teaching staff and parents at any time.

#### **How much is the eBooks subscription cost?**

The whole scheme consists of 130 eBooks is £ 329. This provides access to eBooks for the whole school and parent community for 12 months.

#### **How can parents access the eBooks?**

Parents will be able to create their own login details to access all the reading book at any time.

#### **Do parents need to pay any extra cost to access the eBooks?**

No, access for parents is included.

#### **Are the eBooks including in the main programme subscription?**

No, the eBooks subscription is purchased separately.

### **Reading and Handwriting**

#### **Does your programme have matched decodable books?**

Yes, our reading scheme is fully aligned to the National Curriculum, and also meet all Ofsted criteria. Easy and exciting to read for children, the Monster Phonics reading scheme consists of 130 books divided into stages: 5 stages in Reception, 5 stages in Year 1 and 2 stages in Year 2. Books can be purchased as a whole scheme, for a specific year group, or in

individual stages; eBooks subscriptions are also available for the whole scheme of 130 eBooks, or for specific year groups or stages.

**How do you recommend schools use the decodable books?**

To support learning, Monster Phonics decodable books should be read alongside the programme as part of your guided reading sessions. We recommend 3 guided reading sessions per week, after which the book is sent home for home reading. For further guidance on placement and how to deliver guided reading, please refer to the section on guided reading in our online manual.

**Do you have letter formation and handwriting resources?**

Yes, we do and you can find them in the Reception Section.

**Is letter formation taught within the Monster Phonics programme?**

Yes, handwriting resources are available for every grapheme. A video and PowerPoint demonstrate how to form the grapheme. Resources are available for children to practice letter formation of lowercase and uppercase letters and the formation of letters in words. Monster Phonics recommends three additional handwriting sessions take place each week. Handwriting activities can be found in the Quick Links section of the website. They can also be accessed from the Reception menu.

**Is it mandatory to purchase the Monster Phonics reading scheme?**

No, it is not mandatory, but we highly recommend schools to purchase the Monster Phonics reading scheme together with the membership to accelerate learning and improve results.

**Can I use the reading scheme that we already have with the Monster Phonics Programme?**

Yes, if the scheme consists of decodable books that match the phonics progression of the scheme.

## Training and CPD

### **What training packages are available to support my school using Monster Phonics?**

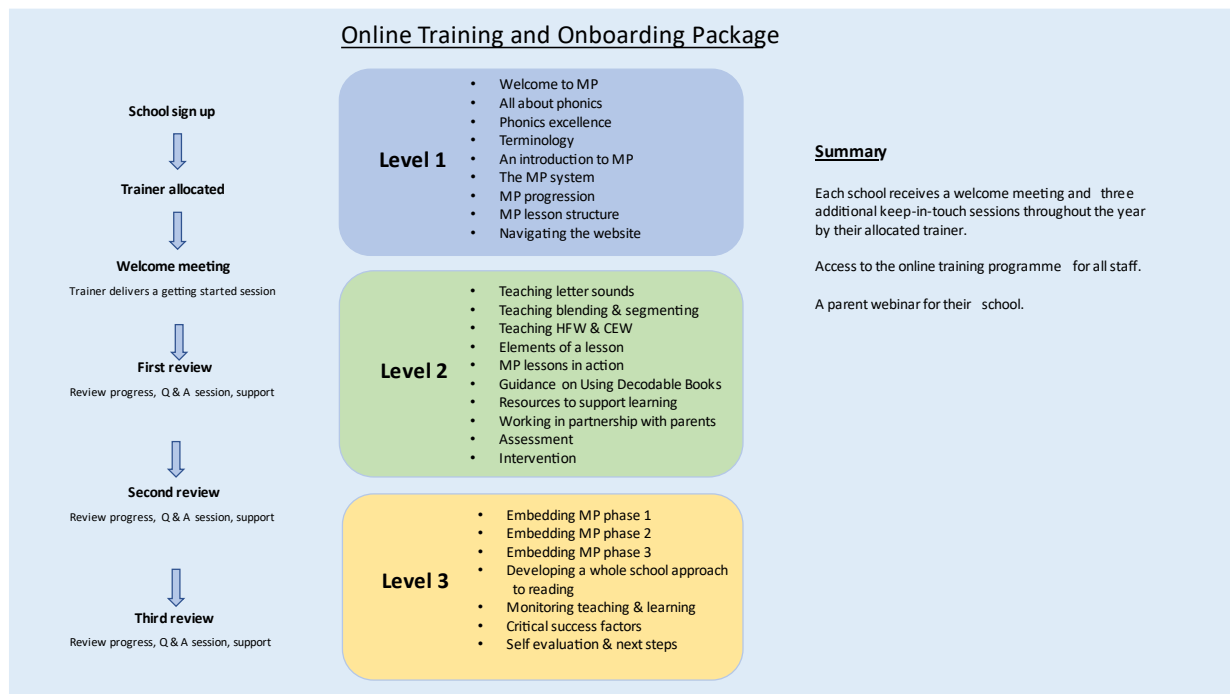

There are 2 packages available. Both are available as a 3- year or a 1-year subscription

- **Package 1**  
**3 Years - £349 for the first year, £150 in the second year, £150 in the third year**  
**or**  
**1 Year - £349 for one year**

This provides full access for all staff to our comprehensive online training programme for the duration of your membership.

- Full access for all staff to our comprehensive online training programme for the duration of your membership.
- Your school is assigned a dedicated trainer, to support staff every step of the way. Typically, a school has a minimum of 4 scheduled meetings throughout the year.
- Our training programme comprises of three levels.
- Level 1 for all staff, focuses on teaching phonics and explains the Monster Phonics system.
- Level 2, for all staff, focuses on how to teach using Monster Phonics and what this looks like in the classroom.
- Level 3 for the SLT helps further embed Monster Phonics in the school, self-evaluation and school improvement plan.
- At the end of levels 1 and 2, assessments are taken by all staff to check for any gaps in knowledge and follow-up meetings are arranged to help staff understand where to improve.
- This package also includes a Parent Webinar for helping parents support their children at home.

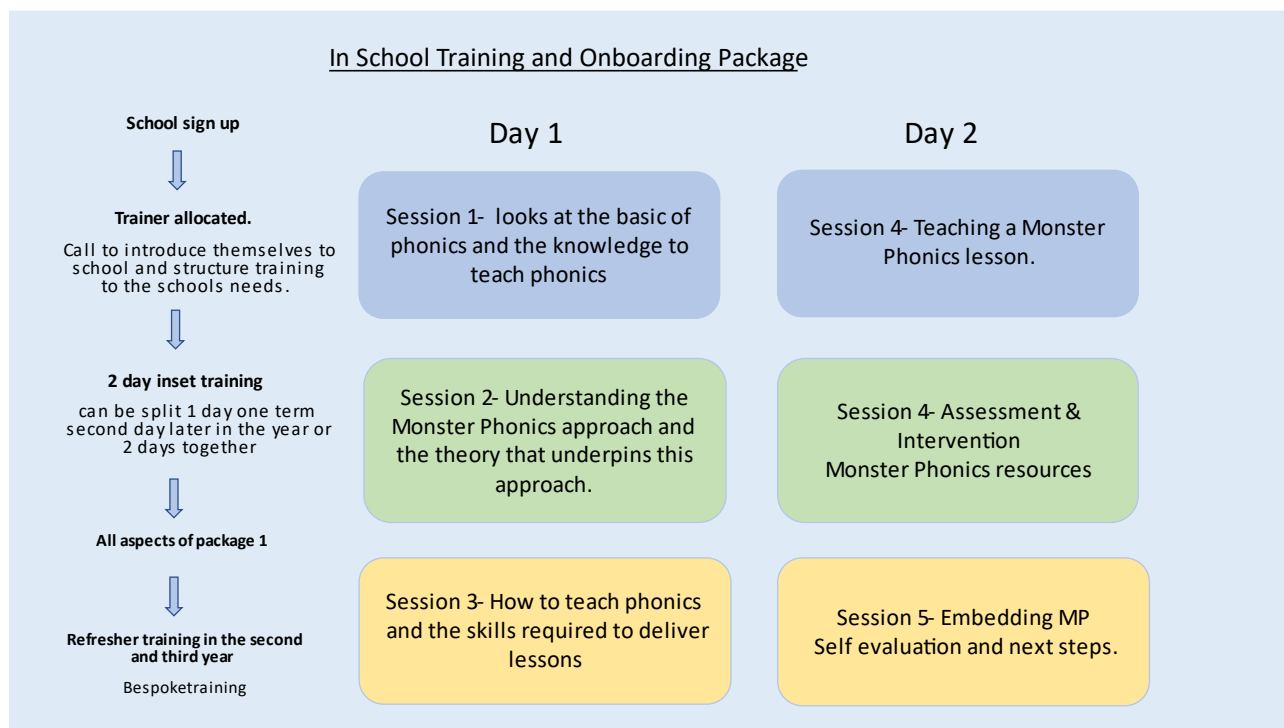

- **Package 2**  
**£2499 for a 3 Years or 1 Year**

This includes all the benefits of package 1, plus 2-day face to face training. Full access for all staff to our comprehensive online training programme for the duration of your membership. If your membership is active for 3 years, then your school will have access to the online training programme for this duration.

- All the benefits of package 1, with the following additions:
- 2-day training plus access to our online training programme every day throughout the year.
- The 2-day face to face training covers the content in package 1 as well as providing bespoke material created during a welcome meeting with SLT.
- Bespoke refresher training in your second and third year.

### Is the training mandatory when school takes the membership?

Yes, in order to ensure high quality teaching and overall school fidelity to the programme, our training is mandatory on taking a subscription. Monster Phonics is committed to providing continuous, high-quality training, to all those leading or delivering phonics

### Who is the training suitable for?

Our online training covers 3 levels. Level 1 and 2 are aimed at all staff who are involved in the delivery or leadership of phonics. Level 3 is for the phonics leads and senior leaders. These training videos are available as part of your training subscription, so it is up to you how you use them. For example, they can be used as an induction for new members of staff or those new to EYFS/KS1s, as a refresher and ongoing CPD. New videos will be regularly added so there will always new training available.

### How many people can be trained in my school?

There is no limit. The training videos can be accessed by as many people as need training throughout the year. Our in-school training can be delivered to a room of attendees to suit your needs.

### Do you offer any training for parents?

Yes, we also offer parent training sessions are also available as part of our video training package/ or are we still going to offer webinars?

# Appendix 1 – Assessment Overviews

## Reception Teaching and Assessment Overview

	Term 1	Term 2	Term 3
Week 1	s a t p <i>a, at, as</i>	oo (u) <i>look, now, down</i>	CVCC

# Appendix 3 – Monster Phonics Reading Scheme Placement

## Monster Phonics Reading Scheme Placement Chart

Children should practise reading using books in which 90% of the words are read accurately and with fluency. This ensures that children practice the skills of reading with confidence.

Our Placement Procedure is a simple assessment to match children's secure phonics knowledge to the correct level book.

1. Determine the furthest GPC in the programme at which the child's phonics knowledge for reading is secure by examining the results of the most recent Formative Reading Assessment and the Success Criteria from recent Lesson Plans.
2. Use the Placement Chart to match the most recently secured GPC to the appropriate decodable reading book.
3. Check that the child can read the phonics keywords and HFWs for that book.
4. 90% or more words are read fluently and accurately.

Yes – start the reading scheme at this point.

No – look further back in the Placement Chart. Find the point in the Placement Chart at which the child can read the phonics keywords and HFWs with 90% fluency and accuracy.

To determine the correct placement in the reading scheme, use the GPC in the programme at which the child's phonics knowledge for reading is secure. If 90% of the words in the list are read correctly and fluently, then this is a suitable point at which to start the scheme. If less than 90% are read fluently, then check the words at a lower level.

1. Phonics keywords – 90% correct
2. High-Frequency words – 90% correct

Stage - Book	Reading Book Band	Grapheme	New Title	Assess Phonics keywords	Assess HFWs
1-1	Pink	satp	Tap, tap	tap pat
