

### Service Level Agreement for Traded Services Provision

<b>Background:</b>	<p><b>Primary PE and Sport Premium</b> funding began in September 2013 and has made a massive contribution to the development of Physical Education in primary schools in the borough with schools receiving between £8,000 and £12,000.</p> <p>The PE and sport premium Government funding has to be used to improve the provision of PE and sport in primary schools and Head Teachers are now asked by OFSTED to demonstrate how they have achieved this. OFSTED reported (Sept 13) that an example of effective use of PE and School Sport funding is “buying into existing local sports networks such as a School Sports Partnership”.</p> <p>The Government has now committed to continue the funding until 2020, with the funding set to potentially double through income from the ‘sugar tax’ as announced in George Osbourne’s Budget in 2016.</p>
