

KS2 Badminton

For this first time a KS2 Badminton Festival was organised, allowing schools to improve their badminton skills alongside their team work and a little bit of competition. With the help of Sutton Badminton Club, we were able to host eight schools at this new event. Schools took part in different stations which involved team work, hand eye co-ordination and reaction time. Once each school had completed their station they were given an end points total and all off these points were added together resulting in a winner for the session. After entering two teams it was the best scenario St Aidan's could have hoped for taking the title and also finishing runners up. Well done to everyone who took part and to all the volunteers from the badminton club for helping run the event.

Y3/4 Multi Skills

Starting National School Sports Week in style was the Y3/4 Multi Skills Festival. Six teams took part in the event at Ruskin Drive, three from Rivington Primary, two from St. Aidan's and one team from Billinge Chapel End. Despite the small number of entries this did not take anything away from the event with both teachers and pupils thoroughly enjoying the afternoon. Each team took part in ten stations testing agility, co-ordination, aim and speed and at the end of the ten stations the points were added up to find an overall winner. Only one point separated 1st, 2nd and 3rd position in what is the closest result we have had all year. Finishing on 42 points both Rivington 1 and 2 were awarded joint 2nd and our winners were Billinge Chapel End on 43 points. We hope you all enjoyed your afternoon in the sun and that you learnt a few new skills along the way.
