

$$8 + 2 = 10$$

Starting School

School starts tomorrow and I just wanted to say,
I'm sure you're feeling nervous about your first day.
But please don't worry, we'll have lots of fun,
You can play and make friends with everyone.
You may feel uncertain or a little unsure,
But you'll learn to love school more and more.
I'm so excited to see you and teach you new things,
Together, we'll enjoy what each new day brings.
The school day will whizz by and before you know,
Your family will be here and back home you will go!
