

# Positioning the Letter 'a'

Continue the line of each of these letter patterns that contain the letter 'a' and other taller letters (ascenders).

a t

a h

Now, write a line of the letter pattern 'at'. Don't forget that your 't' shouldn't be quite as tall as your other ascenders.

a t

Continue the line of each of these letter patterns that contain the letter 'a' and other longer letters (descenders).

a y

Be careful when joining your 'a' to the anticlockwise letter 'g'...

a g

Can you think of any words that contain an 'a', an ascender and a descender? Write the words that you think of here:
