

# Positioning the Letter 'f'

Continue the line of the letter 'f'. The letter needs to start from the top line and then its curly tail needs to go below the baseline and touch the bottom line. The cross of the 'f' should be on or close to the midline.

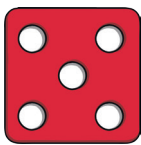

Now, write a line of the letter patterns 'fl' and 'ft' to practise writing an 'f' next to tall letters (ascenders).

Now, write a line of the letter patterns 'fy' and 'fg' to practise writing an 'f' next to other long letters (descenders).

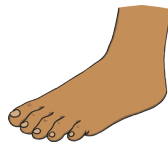

Can you write words that start with an 'f' to match these pictures? Take care to position all of your letters carefully on the guidelines.
